Take a look in the mirror. Whether or not you believe you have flaws, it's important to embrace yourself and love your imperfections. You could have a mole on your face or short, brittle nails, but it's your mole or your nails, so own them. Your traits are special and were chosen just for you. Everything God creates is perfect in his sight. Who Created the Definition of Beauty? is for anyone who needs reassurance, and it reminds us all that beauty is in the eye of the beholder. Author Doris Dancy-Whiteside invites us to love everything about ourselves, knowing that we are created just as God

intended. We all have our flaws, but we were created by a perfect God who asks us to love ourselves and honor our temples. If you are struggling with your imperfections, then it is time to look at yourself in the mirror and love what you see--because doing so will help you feel beautiful inside and out, as you honor God for his beautiful creation: you.
