The course page is here: MS MOC course 80295A Extending CRM 2011

Microsoft 80295 Extending Microsoft Dynamics Crm 2011

Dynamics 365 for Operations has great support for implementing pure add-on solutions. A pure add-on solution is extending the existing functionality using non-intrusive extension points. In the Dynamics AX era implementing non-intrusive solutions was near impossible.

Microsoft Dynamics AX 2012 underwent a name change in what would have been version 7. The product has been split, in terms of licensing, into Microsoft Dynamics 365 Finance and Microsoft Dynamics 365 Supply Chain Management. This is a further evolution from the previous name of Microsoft Dynamics 365 for Finance and Operations.
