~~Will An LS1 Fit In A Pajero Engine Bay?~~

~~Mitsubishi Montero Engine Swap - ox-on.nu~~

The 6G7 series or Cyclone V6 engine is a series of V6 piston engines from Mitsubishi Motors. Five displacement variants have been produced from 1986 to present day, with both SOHC and DOHC, naturally aspirated and turbo charged layouts. While MIVEC variable valve timing has also been implemented in some versions the 2.5, 3.0 and 3.5 L versions were also available with gasoline direct injection.

My 1995 Mitsubishi Montero engine removal with the help of my brother. The clutch was so bad we removed the engine to get at it. We did it this way to do som...

Will An LS1 Fit In A Pajero Engine Bay? Last time we stripped the Pajero back to a bare body. ... Lots of people have done an LS1 swap in off-road racing Pajeros. But they all seem to sit well back - so far back that large portions of the firewall have to be cut out. This causes other issues. Obviously the transmission moves back with the engine. This affects the position of the gearsticks ...

~~Montero V-8 Engine Swap? - 4x4Wire TrailTalk~~

Engine just went out on my 97' Montero. It had the 3.5 Gas V6 and the 4 speed auto box. Anyone ever done an engine swap on one of these? Thinking about blowing big bucks on a Cummins R2.8 crate engine. Would I need a new transmission too or do you think I'd be able to modify the flywheel to fit the OEM transmission?

It would be a bit difficult getting the parts, but a 4D56 from a Diesel Pajero should drop right in. The engine could come from a Delica, which are getting somewhat popular as imports in Canada, but I imagine Pajero/Montero mounts are different. Also, no clue if the trans you have would work or if you'd have to get one off a diesel Pajero.

The 88-89 engine is most powerful and will nearly double horsepower while still remaining dependable. Seven wires connect the engine's wiring harness to the Montero's chassis harness. Several examples of this swap have been done, some dating back over 20 years ago. As with any Mitsubishi automatic transmission, use the factory fluid.
