*Module English Language And Society University Of Reading*

The middle part of the module will explore language variation and change, and the social parameters which correlate with them. It will conclude by analysing issues arising from the interplay between language and identity in multilingual societies: bi- and multilingualism, code-switching, language death and its causes, language revival and language revitalisation.

*Language, Self and Society - LL304 - Modules - University ...*

In this module students will engage critically with topics, theories and research methodologies in the field of sociolinguistics, which is concerned with the complex relationship between language and society. Focusing on language in its social context, we will ask

about linguistic variation (how small scale patterns of language use correlate with social categories such as class, gender and age) and the role of language in social life (including its relationships to power, national identity ...

Module replaces ENGL2022 English in Time and Space This module is approved as a discovery module. Module summary In this module students will engage critically with topics, theories and research methodologies in the field of sociolinguistics, which is concerned with

the complex relationship between language and society.

*Module and Programme Catalogue*

Language has the power to both reflect and shape individual and collective identity. In this module, students consider how their responses to written, spoken, audio and visual texts can shape their self-perception. They also consider the impact texts have on shaping a sense of identity for individuals and/or communities.
