This is why you remain in the best website to look the amazing book to have.

KA86RP - ANGELICA ANGELIQUE

More than 40 years ago, in a provocative essay that has since become a classic in the field, Martin Wight (1966: 20) addressed the question of 'why is there no international theory?' Wight asserted that 'international theory, or what there is of it, is scattered, unsystematic, and mostly inaccessible to the layman'.

Non-Western International Relations Theory: Perspectives ... How Global is Security

Studies? The Possibility of "Non ...

An international team of experts reinforce existing criticisms that IR theory is Western-focused and therefore misrepresents and misunderstands much of world history by introducing the reader to non-Western traditions, literature and histories relevant to how IR is conceptualised.

Some non-Western states are plausibly bidding for great power standing. Given these conditions, our question is 'why is there no non-Western international theory'. We are as intrigued by the apparent absence of theory in the

non-West as Wight was by what he considered to be the absence of international theory in general.

Non-Western international relations theory: perspectives ...

Why is there no non-Western international relations theory ...

Abstract. An international team of experts reinforce existing criticisms that IR theory is Western-focused and therefore misrepresents and misunderstands much of world history by introducing the reader to non-Western traditions, literature and histories relevant to how IR is conceptualised. Including case studies on Chinese, Japa-

nese, South Korean,...

We then examine several possible explanations of the absence of non-Western IRT, such as the belief that Western IRT has discovered the right path to understanding international relations so as to ...

The book is able to address its guiding concern, the search for a non-Western international relations theory, much better than Wight was able to answer his original question. Though often inspired and influenced by intellectual concepts from abroad, the book reveals several ideas developed in India, Japan, South Korea and beyond.
