UYTOXB - MIDDLETON MYLA

Give students the targeted, skill-building practice they need with these standards-based books! Each workbook includes more than 40 ready-to-reproduce practice pages. Easy-to-follow directions and fun exercises motivate students to work on their own. Every activity in each book is correlated to state standards. For use with Grades 2-4.

A hilarious look at what happens when boys and monsters mix... When a little boy receives a letter from a monster, inviting himself over to play, the boy isn't quite sure what to do. Afraid to offend, manners in hand, the little boy invites the monster over for Saturday. Strangely enough, it seems the monster is facing a similar crisis of etiquette -- his letter was meant for his monster cousin, who just happens to live underneath the boy's bed! Told in funny rhyming verse, with striking black-and-white illustrations and spot colour, this story is sure to keep kids howling.

Beginners alphabet and writing book

These fun and inviting books have well-designed, uncluttered pages for the beginner writer. "Practice counting up to ten with some cute sea creature friends! This charming board book combines bold text and bright colors to create the perfect early learning title for little readers. Each

spread provides the reader with the numeral, word, and a representation of the number to allow the reader to practice counting as they follow along. There is also a stylized guide throughout the book depicting icons that allow the reader to visually see what they have counted and how many numbers are left to learn." --

Targeting Handwriting Victoria Year 6 Student Book focuses on developing students' own styles, while emphasising fluency and legibility. The book includes: 'Mature' real-world applications, e. g. developing a signature and tips for note taking teaching pages with two sets of copying lines, for reinforcement and extra practice a section on calligraphy The Targeting Handwriting Years 3-6 Student Books have been designed to make learning cursive handwriting as easy as possible for students. New skills are introduced sequentially, so that students build on skills one by one and aren't called on to use skills that haven't been introduced yet. Wherever possible, students copy words underneath models, so that left-handers aren't disadvantaged, and practice of numerals and punctuation is integrated into the writing activities. The books also encourage and support student self-assessment. Deep learning is often viewed as the exclusive domain of math PhDs and big tech companies. But as this hands-on guide demonstrates, programmers comfortable with Python can achieve impressive results in deep learning with little math background, small amounts of data, and minimal code. How? With fastai, the first library to provide a consistent interface to the most frequently used deep learning applications. Authors Jeremy Howard and Sylvain Gugger, the creators of fastai, show you how to train a model on a wide range of tasks using fastai and PyTorch. You'll also dive progressively further into deep learning theory to gain a com-

plete understanding of the algorithms behind the scenes. Train models in computer vision, natural language processing, tabular data, and collaborative filtering Learn the latest deep learning techniques that matter most in practice Improve accuracy, speed, and reliability by understanding how deep learning models work Discover how to turn your models into web applications Implement deep learning algorithms from scratch Consider the ethical implications of your work Gain insight from the foreword by PyTorch cofounder, Soumith Chintala

The Targeting Handwriting NSW Year 4 Student Book focuses on consolidation of joining skills, plus: teaching of trickier joins like joining to s, horizontal joins to e, joined double f and joined ft students begin to assess their own letter size and spacing, spacing between words, and slope Handwriting is one of the most crucial skills students will develop in primary school. Targeting Handwriting covers the handwriting curriculum in a clear and structured way, with content directly linked to NSW syllabus outcomes. Writing is a vital, compelling form of communication. Children need to write every day, for a variety of purposes and for a variety of audiences. To be competent writers, their handwriting needs to be fluent and legible. The teaching of handwriting is an essential part of the writing curriculum.
