## H129K7 - CRANE BOONE

---

Elise Ottesen-Jensen broke with her conservative family and became an influential social reformer in 1923. This book chronicles her leap to prominence. Beginning as a family planning field worker in Sweden, she quickly gained respect from the medical community for keeping abreast with sexological research and safe, reliable contraceptive practice. By the 1940s, her grass-roots organization helped to introduce sex education instruction in the public schools and fought for liberal abortion and homosexuality legislation. After World War II, Ottesen-Jensen promoted the spread of family planning internationally, most notably by working with Margaret Sanger, Lady Rama Rau, and others to found and build the International Planned Parenthood Federation. The importance of bringing truthful sex education messages to youth was her most persistent theme.

I denne nye bog har jeg samlet alle de artikler, som jeg har publiceret i forskellige aviser og tidsskrifter i Danmark – i de sidste 5 år. De er ikke opdelt i temaer eller i perioder, men de viser sindsstemningen på de tidspunkter, hvor artiklerne blev skrevet. Og hver artiklen afspejler min livsforståelse i transitzonen. Forandringer er nøglen til at forstå verden. Jeg ønsker alle en god rejse til "Transitland".

I denne bog har jeg samlet nogle meget forskellige historier. Alle mine historier er sande, og de er skrevet med udgangspunkt i "nærsynet". Du vil føle dig nært forbundet med alle de meget forskellige mennesker, som medvirker i mine historier. Måske møder du nogle, som du kender. Du vil også elske eller hade nogle af dem. Du vil måske også holde af nogle af dem. De er alle sammen er del af den nære verden, som er både sårbar og skør.

Includes entries for maps and atlases.

The history of sex education enables us to gain valuable insights into the cultural constructions of what different societies have defined as 'normal' sexuality and sexual health. Yet, the history of sex education has only recently attracted the full attention of historians of modern sexuali-

ty. *Shaping Sexual Knowledge: A Cultural History of Sex Education in Twentieth Century Europe* makes a considerable contribution not only to the cultural history of sexual enlightenment and identity in modern Europe, but also to the history of childhood and adolescence. The essays collected in this volume treat sex education in the broadest sense, incorporating all aspects of the formal and informal shaping of sexual knowledge and awareness of the young. The volume, therefore, not only addresses officially-sanctioned and regulated sex education delivered within the school system and regulated by the State and in some cases the Church, but also the content, iconography and experience of sexual enlightenment within the private sphere of the family and as portrayed through the media.
