ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to

purchase. -- Directed primarily toward undergraduate business college/university majors, this text also provides practical content to current and aspiring industry professionals. Operations Management presents a broad introduction to the field of operations in a realistic and practical manner, while offering the largest and most diverse collection of problems on the market. The problems found in this text also contain ample support--found in the book's solved-problems and worked examples. For a briefer version without the quantitative module at the end of the text, see Heizer/Render's Principles of Operations Management, 9e. 0133130762 / 9780133130768 Operations Management Plus NEW MyOmLab with Pearson eText -- Access Card Package Package consists of: 013292062X / 9780132920629 NEW MyOMLab with Pearson eText -- Access Card -- for Operations Management 0132921146 / 9780132921145 Operations Management Package consists of: 0136025773 / 9780136025771 myomlab -- Valuepack Access Card 0136119417 / 9780136119418 Operations Management

Were you looking for the book with access to MyOMLab? This product is the book alone, and does NOT come with access to MyOMLab. Buy "Operations Management with MyOMLab access card 7e" (ISBN 9780273776291) if you need access to the MyLab as well, and save money on this brilliant resource. Operations management is important, exciting, challenging ... and everywhere you look! - Important, because it enables organisations to provide services and products that we all need - Exciting, because it is central to constant changes in customer preference, networks of supply and demand, and developments in technology - Challenging, because solutions must be financially sound, resource-efficient, as well as environmentally and socially responsible - And everywhere, because in our daily lives, whether at work or at home, we all experience and manage processes and operations. 'Operations Management' focuses on the sustainable and socially responsible imperatives of operations management, using over 120 cases and illustrations of real-life operations around the world, including Apple, Medecins Sans Frontieres, Amazon, Ecover, Dyson, Disneyland Paris, Google, The North Face, and many more. Need extra support? This product is the book alone, and does NOT come with access to MyOMLab. This title can be supported by MyOMLab, an online homework and tutorial system which can be used by students for self-directed study or fully integrated into an instructor's course. You can benefit from MyOMLab at a reduced price by purchasing a pack containing a copy of the book and an access card for MyOMLab: "Operations Management with MyOMLab access card 6e" (ISBN 9780273776291). A long-time market leader in this discipline, Slack has set the standards in Operations Management which other textbooks seek to emulate. Expert authorship, an engaging writing style, and an interesting collection of cases combine to communicate the importance of managing operations and processes within a successful organisation. Operations Management provides a strategic perspective, whilst also examining the practical issues which organisations face on a day to day basis. It uses over 120 examples from all over the world, reflecting the balance of economic activity between service (c.75%) and manufacturing (c.25%) operations.
