RX8194 - HAYNES ALESSANDRA

Oxford Essential Dictionary gives all the essential help and information elementary and pre-intermediate learners need. Updated with 200 NEW words, Oxford Essential Dictionary includes over 24,000 words, phrases, and meanings. 2,000 of the most important words in English are marked as keywords, so students know which words to learn first. Notes give extra help with grammar, pronunciation, and spelling. The CD-ROM includes the full dictionary, Picture Dictionary, exam preparation (KET) exercises, language games, a Speaking Dictionary, and NEW iGuide, an interactive tutorial to help students explore dictionary entries.

Authoritative and reliable, this A-Z provides jargon-free definitions for even the most technical mathematical terms. With over 3,000 entries ranging from Achilles paradox to zero matrix, it covers all commonly encountered terms and concepts from pure and applied mathematics and statistics, for example, linear algebra, optimisation, nonlinear equations, and differential equations. In addition, there are entries on major mathematicians and on topics of more general interest, such as fractals, game theory, and chaos. Using graphs, diagrams, and charts to render definitions as comprehensible as possible, entries are clear and accessible. Almost 200 new entries have been added to this edition, including terms such as arrow paradox, nested set, and symbolic logic. Useful appendices follow the A-Z dictionary and include lists of Nobel Prize winners and Fields' medallists, Greek letters, formulae, and tables of inequalities, moments of inertia, Roman numerals, a geometry summary, additional trigonometric values of special angles, and many more. This edition contains recommended web links, which are accessible and kept up to date via the Dictionary of Mathematics companion website. Fully revised and updated in line with curriculum and degree requirements, this dictionary is indispensable for students and teachers of mathe-

tics, and for anyone encountering mathematics in the workplace.

A vocabulary teaching tool designed for students in late elementary and middle grades, with words drawn from the subjects of social studies, science, and math. Designed for North American students, this special version of the Oxford Latin Course combines the best features of both modern and traditional methods of Latin teaching, providing an exciting, stimulating introduction and approach to Latin based on the reading of original texts. In this four-volume North American edition, the order of declensions corresponds to customary U.S. usage, and the spelling has been Americanized. In addition, it offers full-color illustrations and photographs throughout Parts I and II and an expanded Teacher's Book with translations for each part. Parts I-III (now available in hardcover editions) are built around a narrative detailing the life of Horace, now based more closely on historical sources, which helps students to get to know real Romans--with their daily activities, concerns, and habits--and to develop an understanding of Roman civilization during the time of Cicero and Augustus. Part IV (paperback) is a reader consisting of extracts from Caesar, Cicero, Catullus, Virgil, Livy, and Ovid. The second edition of the Oxford Latin Course has been carefully designed to maximize student interest, understanding, and competence. It features a clearer presentation of grammar, revised narrative passages, new background sections, more emphasis on daily life and on the role of women, a greater number and variety of exercises, and review chapters and tests. Each chapter opens with a set of cartoons with Latin captions that illustrate new grammar points. A Latin reading follows, with new vocabulary highlighted in the margins and follow-up exercises that focus on reading comprehension and grammatical analysis. A background essay in English concludes each chapter. Covering a variety of topics--from history to food, from slavery to travel, these engaging es-

says present a well-rounded picture of Augustan Rome. The Oxford Latin Course, Second Edition offers today's students and teachers an exceptionally engaging and attractive introduction to the language, literature, and culture of Rome--one that builds skills effectively and is exciting to use.

Specially written for 6- to 9-year-olds, this dictionary includes 800 words organized into 50 topics and comes complete with songs and chants by Carolyn Graham. Themes are selected to appeal to this age range and two CDs include all the vocabulary, mini-dialogues and songs/chants.

The present volume examines the relationship between second language practice and what is known about the process of second language acquisition, summarising the current state of second language acquisition theory, drawing general conclusions about its application to methods and materials and describing what characteristics effective materials should have. The author concludes that a solution to language teaching lies not so much in expensive equipment, exotic new methods, or sophisticated language analysis, but rather in the full utilisation of the most important resources - native speakers of the language - in real communication.

'How Languages Are Learned' provides a readable introduction to the main theories of first and second language acquisition, relating them to approaches to classroom methodology and practice.

Updated with the latest vocabulary and NEW Oxford iWriter on CD-ROM, the new edition of Wordpower builds vocabulary fast and develops writing skills. Updated with over 500 new words, phrases and meanings, Oxford Wordpower Dictionary is a corpus-based dictionary that provides the tools intermediate learners need to build vocabulary and prepare for exams. Oxford 3000(tm) keyword entries show the most important words to know in English. This edition includes new Topic Notes, Exam Tips and Writing Tips, and a 16-page Oxford Writing Tutor. Students can search

the A-Z dictionary by word or topic on the CD-ROM, and use the exercises to practise for international exams. NEW on the CD-ROM: Oxford iWriter for B1-B2 students to develop writing skills, and the iGuide, an interactive tutorial to help students explore dictionary entries.

New edition of the bestselling Oxford Primary Dictionary with more words added, more spelling support, and enhanced supplements for grammar and language help. Easy-to-use with clear entries and examples from the books children love reading, plus curriculum help, it is the ideal dictionary for children aged 8+.

The Oxford Dictionary of English Grammar is a straightforward and accessible A-Z guide to the diverse and often complex terminology of English grammar. It contains over 1,600 entries with clear and concise definitions, enhanced by numerous example sentences, as well as relevant quotations from the scholarly literature of the field. This second edition is written and edited by Professor Bas Aarts of University College London, writer of the acclaimed Oxford Modern English Grammar. It has been fully revised and updated, with particular attention paid to refreshing the example sentences included within the text. There are over 150 new entries that cover current terminology which has arisen since the publication of the first edition, and there are also new entries on the most important English grammars published since the start of the 20th century. Hundreds of new cross-references enhance the user-friendly nature of the text, and the list of works cited has been thoroughly updated to reflect the current state of the field. A short appendix of web links has been added. All in all, this Dictionary is an invaluable guide to English grammar for all students and teachers of the subject, as well as all those with an informed interest in the English language.

This best-selling dictionary is now in its 4th edition. Specifically written for students of language teaching and applied linguistics, it has become an indispensable resource for those engaged in courses in TEFL, TESOL, applied linguistics and introductory courses in general linguistics. Fully revised, this new edition includes over 350 new entries. Previous definitions have been revised or replaced in order to make this the most up-to-date and comprehensive dictionary available. Providing straightforward and accessible explanations of difficult terms and ideas in applied linguistics, this dictionary offers: Nearly 3000 detailed entries, from subject areas such as teaching methodology, curriculum development, sociolinguistics, syntax and phonet-

ics. Clear and accurate definitions which assume no prior knowledge of the subject matter helpful diagrams and tables cross references throughout, linking related subject areas for ease of reference, and helping to broaden students' knowledge The Dictionary of Language Teaching and Applied Linguistics is the definitive resource for students.

Webster's New World Medical Dictionary, Third Edition will help you understand and communicate your medical needs when it matters the most. Written by doctors and the experts at WebMD, this edition includes 8500 entries, including 500 new terms, a vitamin appendix, and a companion website to give you access to medical language.

This is a reissue of the ninth edition of the world's longest-established and best-selling pocket English dictionary. It is one of the new generation Oxford dictionaries derived from the database of the highly-acclaimed New Oxford Dictionary of English and is particularly user friendly with its elegant open design, with different elements starting on new lines. It offers excellent coverage of English as an international language, the defining style is straightforward and non-technical, and thousands of examples illustrate idiomatic usage. All irregular noun, verb, and adjectival inflections are spelled out in full, while guidance on grammar and good usage is provided by in-text notes. Additional features include Word-builder boxes giving information on related words and thematic tables on subjects such as countries, chemical elements, and nationalities. This title replaces ISBN: 0-19-861334-2.

An English usage reference guide addresses problem points in the language as encountered by learners and their teachers, including information on grammar, vocabulary, idiom, style, pronunciation, and spelling.

An authoritative and easy-to-use dictionary, containing 90,000 words, phrases, and definitions, and Better English, a centre section giving guidance on spelling and punctuation.

This new edition has been fully revised and updated to offer up-to-date vocabulary and language support for student's learning French at GCSE and beyond. All the current exam board vocabulary is included and curriculum words are flagged with a key symbol. Word Tips provide information on common grammatical errors and confusable words, while interesting cultural information is specially picked out in Culture boxes. To support students building their range of vocabulary and get them using it confidently, all words are also given

in appropriate example sentences so that students can see how to use them correctly. Extra grammar support is given with full verb tables, including English translations of the different tenses, to help with translating to and from French. In the centre of the dictionary, the illustrated thematic supplement includes questions, answers, comments and phrases and photocard activities to model those faced by students in their exams. It has a contemporary look and feel and covers topics such as technology, free-time activities, customs and festivals, social and global issues, travel and tourism, current and future study and employment.

The dictionary gives students the information they need to understand over 6,000 common British and American phrasal verbs, and use them correctly. Clear, simple definitions, with examples to show how phrasal verbs are used. Usage notes dealing with common problems help learners avoid typical mistakes. Synonyms and opposites help learners build their vocabulary. Common subjects and objects are shown to help learners use the verbs appropriately. 25 pages of tips and photocopiable exercises for classroom or individual practice. 'Guide to the Particles' explains the most important meanings of the main adverbs and prepositions used in phrasal verbs to help learners see patterns.

The first purpose of any student's dictionary is to provide the basic information necessary to be able to understand a meaning, decipher a pronunciation, make a correct syllable break, and employ vocabulary appropriate to a particular situation. The Facts on File Student's Dictionary of American English is designed to provide such information as accurately, concisely, and clearly as possible. Its modest entry list of about 90,000 words includes the vocabulary most of us use every day in ordinary writing and encounter in reading a newspaper, novel, magazine, or online article. The dictionary also includes a selection of widely used new terms in English, from science and technology to contemporary American culture. The design is exceptionally user-friendly. Each entry of the standard vocabulary has been evaluated and revised according to current usage. Unlike other dictionaries--including collegiate--this dictionary features long entries that have been trimmed to their core meanings; shades of meanings are illustrated by phrases or sentences that follow a definition, rather than by different definitions entirely. The result is a reliable, easy-to-use guide to the English language.

A picture dictionary of 4,000 words arranged by such topics as everyday lan-

guage, people, housing, food, clothing, health, community, work, and recreation designed to help English learners.

Written by a team of experts and presenting the results of the most up-to-date research, *The Handbook of Anglo-Saxon Archaeology* will both stimulate and support further investigation into a society poised at the interface between prehistory and history.

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Politics and the English Language*, the second in the Orwell's Essays series, Orwell takes aim at the language used in politics, which, he says, 'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, Orwell's *Politics and the English Language* is just as relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can - and must - be rediscovered with every age.' — *Irish Times*

An easy-to-use two-way French bilingual dictionary containing 40,000 up-to-date words and phrases, and 60,000 translations.

A new three-level series in which students learn and practise the words and phrases they need to know at Basic, Intermediate, and Advanced levels. Each level of *Oxford Word Skills* enables students to:

The New Oxford American Dictionary is Oxford's flagship American dictionary, offering comprehensive and authoritative coverage of the English language, with over 350,000 words, phrases, and senses, plus hundreds of explanatory notes. The Third Edition will feature a completely updated text, modern new text design, new in-text feature on Word Trends, and approximately 2,000 new words and meanings. Coverage will be expanded and revised using the two-billion-word Oxford English Corpus and new tools for its analysis to reveal patterns of usage in modern English.

An ideal first dictionary that gives learners all the help they need to use new vocabu-

lary correctly.

Includes a Persian translation of each meaning of each word and also of idioms and phrasal verbs at the foot of the page. Study pages provide reference material and activities - for example, Writing Letters and Emails, Telephoning, Times and dates. Illustrations help students understand more difficult words. Explanations are easy to understand, and use a 2,000-word defining vocabulary. A key symbol shows students the 2,000 most important words to know in English. 500 notes help learners build vocabulary and avoid making mistakes.

This new 2007 edition of the *Oxford Junior Illustrated Dictionary* features over 10,000 entries in alphabetical order, in a clear and accessible design, with many new photographs and illustrations. Each page is colourful, clear and accessible: simple, easy-to-read numbered meanings, and wordclasses. There are also panels that focus on overused words, words belonging to the same family and key language features such as connectives or apostrophes. Another unique feature is the example sentences by well-known children's authors, such as Dick King-Smith, Jacqueline Wilson and Roald Dahl. These show the words actually in use to reinforce meaning but they also hook children in to using language effectively. Unique to Oxford, they take children beyond looking up a word for spelling or meaning - and into thinking about reading and writing independently. The full alphabet appears on every page with a coloured tab on the letter of the page - plus the dictionary quartiles are picked out in a vibrant colour. Together, these are invaluable navigation tools for the child practising their alphabet skills. Guide-words also appear on every page. Extra material at the back is accurately levelled for the curriculum at this age. It includes information for spelling success, punctuation, simple grammar, key overused words (with alternatives) as well as word origins, prefixes and suffixes.

Have a word on the tip of your tongue? Unlike a thesaurus, where you look up alternatives to a word you know, or a dictionary, which defines a familiar word, this dictionary helps with words you are vaguely aware of, but can't bring to mind. Some 31,000 entries are listed under a wide range of subject areas and key words.

Offers definitions for English words and phrases, along with observations about the evolution of the dictionary since its first edition and tables that contain infor-

mation for such topics as countries and chemical elements.

A new picture dictionary for older children which presents over 1,500 words drawn from social studies, history, science, and maths. Sixty thematic topics are presented in beautiful full-colour pictures.

Collocations are combinations of words which frequently appear together. Using them makes your English sound more natural. Presents and explains approximately 1,500 word combinations in typical contexts using tables, charts, short texts and dialogues.

Accelerates Academic Language Development
The *Oxford Picture Dictionary Content Areas for Kids* is a complete research-based language development program that uses vibrant, engaging illustrations to facilitate vocabulary acquisition and academic language success.

The *Intermediate Workbook* offers vocabulary reinforcement activities that correspond page for page to the Dictionary. Clear, simple instructions with examples make this Workbook ideal for independent use in the classroom or at home, and for multi-level classes. It also provides opportunities for contextualized vocabulary practice and critical thinking skills development through motivating contexts and engaging activities.

Vocabulary in Use Pre-intermediate and Intermediate is a vocabulary book for intermediate learners of English, primarily designed as a self-study reference and practice book, but which can also be used for classroom work. In its style and format it is similar to its upper intermediate and advanced equivalent, *English Vocabulary in Use*. - 100 easy-to-use units: over 2,500 vocabulary items in a wide range of topic areas are presented, contextualise and explained and explained on left-hand pages with a variety of follow-up activities on right-hand pages. - Helps to build on and expand existing vocabulary. - Suggests tips and techniques for good learning habits. - Designed to be flexible: can be used both for self-study and in class. - Provides a comprehensive key with not only answers to the exercises but also more comments on how the language is used. - Includes a detailed index with phonetic transcriptions.

A picture dictionary for elementary school students.

Provides entries for over 315,000 words and phrases, and includes a list of new words.
