Original Spare Parts - PCH Engineering

PCH Engineering A/S is an ISO 9001 certified Danish production company developing equipment for the monitoring of vibrations. With more than 20 years of experience in the vibration monitoring industry, we offer a wide range of monitoring solutions for traditional rotating machines such as decanters, blowers, fans, compressors, gearboxes and wind turbines.

PCH Engineering A/S - The Vibration Monitoring Specialists

PCH Engineering A/S offers a sound monitor for the stand-alone, local monitoring of noise levels. Use it to monitor the noise level of traffic, airports, discotheques, working areas and other environments subject to noise restrictions. Configure your own alarm levels and let the sound monitor alert you when the noise level is nearing the limit.
