An unprecedented behind-the-scenes look at the men who protect us from the most frightening prospect of life in the age of terrorism "In my mind it's all business; I don't worry about my family, I don't worry about a function that I'm doing after work, I just worry about what's at hand. And what's at hand is that package." -- Detective First Grade Joe Putkowski, NYPD Bomb Squad The New York City Police Department Bomb Squad is the oldest such squad in the nation, founded in 1903. Each year its thirty-three members make more than two hundred stress-filled "bomb runs," in which they check suspicious briefcases, defuse hand grenades, and even respond to "art" projects constructed with real explosives. The public rarely sees these men--and when they do, it's usually from a distance, telephoto pictures of helmeted figures in ninety-pound suits of Kevlar armor. Starting on December 31, 2003, in the heart of the New Year's Eve action in Times Square, journalists Richard Esposito and Ted Gerstein had exclusive access to the nation's most elite police unit for an entire year. Their often chilling, never-before-told tales from the front line provide an extraordinary view of the domestic war on terrorism.

When Kiriko Yanagida first came to Otsuka's law offices, she had only a familial conviction of her brother's innocence despite his confessing to the murder. To the high-profile (and high priced) lawyer Otsuka, this small-town girl's belief was nothing more than naive hope, so he sent her away, advising her to find a local lawyer or something. Now, Kiriko plots to avenge her brother -- entirely pro bono.

McCandlish Phillips, whose by-line has been familiar to readers of The New York Times since 1955, has looked into just about every corner of the city and has written about nearly every aspect of its life. New York is not the same city today as it was yesterday. You cannot set foot in the same New York twice. Yet you can capture its momentary essence in City Notebook. One of the best metropolitan reporters of the 1950s, 60s, and 70s has brought together his best pieces on the City's life. You will learn, for example, about the "rainbow rain" that sometimes falls on the City, about the Great Bee Roundup, the Case of the Garrulous Parrot, the Small World of Melvin Krulewitch, and the fate of the Gowanus Canal. The reality of New York is made up of millions of such instances, a mosaic of people, places, and things. The ones in this book have been chosen because they are compulsively fascinating, utterly irreplaceable, or just very funny. Gay Talese has called McCandlish Phillips "one of the best reporters" on The Times. People who know his byline relish his crisp style and dry wit.

One by one they go missing. And in the lake a voice cries out: "Save them. . . ." In the darkness, in a lake in the middle of a prosperous college town, Rachel Matre feels the water caressing her bare skin, teasing her senses, drawing her body into a lush erotic embrace. For twenty years she has communed with the lake spirits this way—and told no one. The price is simple: She must help those in need. But now a series of young women have gone missing. The police don't have any bodies, or even a single suspect. Only the spirits seem to sense the truth. Through them, Rachel finds herself drawn into a madman's web. She alone can save the missing women. But who can save her?

Active from 1940 to 1948, PM was a progressive New York City daily tabloid newspaper committed to the politics of labor, social justice, and antifascism—and it prioritized the intelligent and critical deployment of pictures and their perception as paramount in these campaigns. With PM as its main focus, Artist as Reporter offers a substantial intervention in the literature on American journalism, photography, and modern art. The book considers the journalistic contributions to PM of such signal American modernists as the curator Holger Cahill, the abstract painter Ad Reinhardt, the photographers Weegee and Lisette Model, and the filmmaker, photographer, and editor Ralph Steiner. Each of its five chapters explores one dimension of the tabloid's complex journalistic activation of modernism's potential, showing how PM inserted into daily print journalism the most innovative critical thinking in the fields of painting, illustration, cartooning, and the lens-based arts. Artist as Reporter promises to revise our own understanding of midcentury American modernism and the nature of its relationship to the wider media and public culture.

They have names like Barmy Bernie, Daft Donald, and Steamin' Sammy. They like lager (in huge quantities), the Queen, football clubs (especially Manchester United), and themselves. Their dislike encompasses the rest of the known universe, and England's soccer thugs express it in ways that range from mere vandalism to riots that terrorize entire cities. Now Bill Buford, editor of the prestigious journal Granta, enters this alternate society and records both its savageries and its sinister allure with the social imagination of a George Orwell and the raw personal engagement of a Hunter Thompson.

Malcolm Gladwell, host of the podcast Revisionist History and author of the #1 New York Times bestseller Outliers, offers a powerful examination of our interactions with strangers and why they often go wrong—now with a new afterword by the author. A Best Book of the Year: The Financial Times, Bloomberg, Chicago Tribune, and Detroit Free Press How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to one another that isn't true? Talking to Strangers is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland—throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller David and Goliath, Malcolm Gladwell has written a gripping guidebook for troubled times.

The New York Times--bestselling inside look at one of the world's most powerful and mysterious institutions For more than twenty-five years, John Thavis held one of the most remarkable journalistic assignments in the world: reporting on the inner workings of the Vatican. In The Vatican Diaries, Thavis reveals Vatican City as a place struggling to define itself in the face of internal and external threats, where Curia cardinals fight private wars and sexual abuse scandals threaten to undermine papal authority. Thavis (author of The Vatican Prophecies: Investigating Supernatural Signs, Apparitions, and Miracles in the Modern Age) also takes readers through the politicking behind the election of Pope Francis and what we might expect from his papacy. The Vatican Diaries is a perceptive, compelling, and provocative account of this singular institution and will be of interest to anyone intrigued by the challenges faced by religion in an increasingly secularized world.

A seminal work and examination of the psychopathology of journalism. Using a strange and unprecedented lawsuit by a convicted murder against the journalist who wrote a book about his crime, Malcolm delves into the always uneasy, sometimes tragic relationship that exists between journalist and subject. Featuring the real-life lawsuit of Jeffrey MacDonald, a convicted murderer, against Joe McGinniss, the author of Fatal Vision. In Malcolm's view, neither journalist nor subject can avoid the moral impasse that is built into the journalistic situation. When the text first appeared, as a two-part article in The New Yorker, its thesis seemed so radical and its irony so pitiless that journalists across the country reacted as if stung. Her book is a work of journalism as well as an essay on journalism: it at once exemplifies and dissects its subject. In her interviews with the leading and subsidiary characters in the MacDonald-McGinniss case -- the principals, their lawyers, the members of the jury, and the various persons who testified as expert witnesses at the trial -- Malcolm is always aware of herself as a player in a game that, as she points out, she cannot lose. The journalist-subject encounter has always troubled journalists, but never before has it been looked at so unflinchingly and so ruefully. Hovering over the narrative -- and always on the edge of the reader's consciousness -- is the MacDonald murder case itself, which imparts to the book an atmosphere of anxiety and uncanniness. The Journalist and the Murderer derives from and reflects many of the dominant intellectual concerns of our time, and it will have a particular appeal for those who cherish the odd, the off-center, and the unsolved.

The tragic and resonant story of the disappearance of eight men -- the victims of serial killer Bruce McArthur -- from Toronto's queer community, and the failures of the social and political systems which allowed the cases to go unsolved for so long. In 2013, the Toronto Police Service announced that the disappearances of three missing men -- Skandaraj Navaratnam, Abdulbasir Faizi, and Majeed Kayhan -- from Toronto's gay village were, perhaps, linked. On paper, an investigation continued for a year, but remained "open but suspended." By 2015, investigative journalist Justin Ling had begun to put in multiple requests to speak to the investigators on the case. Meanwhile, more men would go missing, and police would continue to deny that there might be a serial killer. On January 18, 2018, Bruce McArthur, a landscaper, would be charged with three counts of first-degree murder. In February 2019, he was convicted of eight counts of first-degree murder. This extraordinary book tells the complete story of the McArthur murders. Based on more than five years of in-depth reporting, this is also a story of police failure, of how the gay community failed its own, and the story of the eight men who went missing and the lives they left behind. In telling that story, Justin Ling uncovers the latent homophobia and racism that kept this case unsolved and unseen. This gripping book reveals how police agencies across the country fail to treat missing persons cases seriously, and how policies and laws, written at every level of government, pushed McArthur's victims out of the light and into the shadows.

"Vengeance Road is a thriller with no speed limit! It's a great read!"—Michael Connelly,#1 New York Times bestselling author The body of Bernice Hogan, a troubled young former nursing student with a tragic past, is found in a shallow grave near a forest creek. One of Amazon's Best Books of 2022 So Far! "Gloriously recommended." —Historical Novel Society A gripping and compelling novel based on the true story of fearless reporter Nellie Bly, who will stop at nothing to prove that a woman's place is on the front page. In 1887 New York City, Nellie Bly has ambitions beyond writing for the ladies pages, but all the editors on Newspaper Row think women are too emotional, respectable and delicate to do the job. But then the New York World challenges her to an assignment she'd be mad to accept and mad to refuse: go undercover as a patient at Blackwell's Island Insane Asylum for women. For months, rumors have been swirling about deplorable conditions at Blackwell's but no reporter can get in—that is, until Nellie feigns insanity, gets herself committed and attempts to survive ten days in the madhouse. Once inside, Nellie befriends her fellow patients who help her uncover shocking truths about the asylum. It's a story that promises to be explosive—but will she get out before rival reporters get the scoop? From USA Today bestselling author Maya Rodale comes a witty, energetic and uplifting novel about a woman who defied convention to become the most famous reporter in Gilded Age New York. Perfect for fans of hidden histories about women who triumph.

NATIONAL BESTSELLER • A riveting, adrenaline-fueled tour of a vast, lawless, and rampantly criminal world that few have ever seen: the high seas. There are few remaining frontiers on our planet. But perhaps the wildest, and least understood, are the world's oceans: too big to police, and under no clear international authority, these immense regions of treacherous water play host to rampant criminality and exploitation. Traffickers and smugglers, pirates and mercenaries, wreck thieves and repo men, vigilante conservationists and elusive poachers, seabound abortion providers, clandestine oil-dumpers, shackled slaves and cast-adrift stowaways—drawing on five years of perilous and intrepid reporting, often hundreds of miles from shore, Ian Urbina introduces us to the inhabitants of this hidden world. Through their stories of astonishing courage and brutality, survival and tragedy, he uncovers a globe-spanning network of crime and exploitation that emanates from the fishing, oil, and shipping industries, and on which the world's economies rely. Both a gripping adventure story and a stunning exposé, this unique work of reportage brings fully into view for the first time the disturbing reality of a floating world that connects us all, a place where anyone can do anything because no one is watching.

A funny, colorful, fascinating tour through the work and life of one of today's most influential graphic designers. Esquire. Ford Motors. Burton Snowboards. The Obama Administration. While all of these brands are vastly different, they share at least one thing in common: a teeny little bit of Aaron James Draplin. Draplin is one of the new school of influential graphic designers who combine the

power of design, social media, entrepreneurship, and DIY aesthetic to create a successful business and way of life. Pretty Much Everything is a mid-career survey of work, case studies, inspiration, road stories, lists, maps, how-tos, and advice. It includes examples of his work—posters, record covers, logos—and presents the process behind his design with projects like Field Notes and the "Things We Love" State Posters. Draplin also offers valuable advice and hilarious commentary that illustrates how much more goes into design than just what appears on the page. With Draplin's humor and pointed observations on the contemporary design scene, Pretty Much Everything is the complete package.

From the author of the #1 best seller *The Girl in the Spider's Web*—an electrifying thriller that begins with Alan Turing's suicide and plunges into a post-war Britain of immeasurable repression, conformity and fear June 8, 1954. Several English nationals have defected to the USSR, while a witch hunt for homosexuals rages across Britain. In these circumstances, no one is surprised when a mathematician by the name of Alan Turing is found dead in his home in the sleepy suburb of Wilmslow. It is widely assumed that he has committed suicide, unable to cope with the humiliation of a criminal conviction for gross indecency. But a young detective constable, Leonard Corell, who once dreamed of a career in higher mathematics, suspects greater forces are involved. In the face of opposition from his superiors, he begins to assemble the pieces of a puzzle that lead him to one of the most closely guarded secrets of the war: the Bletchley Park operation to crack the Nazis' Enigma encryption code. Stumbling across evidence of Turing's genius, and sensing an escape from a narrow life, Corell begins to dig deeper. But in the paranoid, febrile atmosphere of the Cold War, loose cannons cannot be tolerated and Corell soon realizes he has much to learn about the dangers of forbidden knowledge. He is also about to be rocked by two startling developments in his own life, one of which will find him targeted as a threat to national security.

She is back! The intrepid Professor returns in a collection of new mystery cases. Bridlington author Trev Haymer presents his second collection of cases investigated by the Feisty Professor. She is a red-haired young lady in her early thirties who is a Professor of Archaeology and Forensics and who assists the cash-strapped local police force. Known as Prof the tenacious Professor wears designer clothes she bids for on the internet. Prof has a sidekick, Stanley, who is a metal detectorist. Most of these eight cases are set in Prof's base of Bretelton, an east coast seaside resort, with the occasional foray elsewhere. The cases are spiked with danger but also spiced with humour.

The worst feeling as a brand new Rookie, is when someone on scene calls you a Rookie. When you get presented with that crazy scenario, and a million things are happening at once, you just, freeze. Educating yourself is the only real way to ensure your confidence on the street. Sadly there aren

The Investigating Arthur Conan Doyle and Sherlock Holmes Colloquium and donation of the third largest private collection of Sherlockiana in the world were supposed to produce a weekend of great publicity for tiny St. Benignus college in Erin, Ohio. But when theft and murder come to campus, college public relations director Jeff Cody finds himself knee-deep in Sherlockian suspects. Besieged by an aggressive reporter he loves but no longer dates, he is also competing with his eccentric brother-in-law, Sebastian McCabe, to solve the crimes first. The mess worsens when Jeff and his ex-girlfriend, Lynda Teal, themselves fall under suspicion of murder and with good reason, for they have something to hide. This satirical romp takes Sherlock Holmes seriously, but not Holmesians. A witty and engaging spoof sure to delight not only the deerstalker set but mystery fans in general.

Focusing on the life and career of Captain Bob Shaw, Jon Wells puts a human face on his account of Canada's worst toxic fire -- the Plastimet fire in Hamilton, Ontario.

Good Grief! Using the Grief Sheet to Improve Community Theatre Production was written to encourage theatre directors to take advantage of the benefits involved in a daily written critique of amateur play rehearsals. In over 40 years of directing community and school productions, as well as acting for other directors, I have yet to meet a director who employs this technique. I don't know why this is so, except that it does require a large investment in time. Typically, the directors I have known wrote grief notes and then assembled cast and crew to convey them verbally. Obviously, much time is wasted following this method since everyone has to listen whether or not they are specifically involved. Furthermore, the published grief sheet provides the perceived need for instruction as well as a record to return to, to refresh the memory in regard to the needed improvements, which often are forgotten otherwise. The Grief Sheet is also a team builder, and the team concept is an essential quality of a successful theatre company. In writing this book, my collections of grief sheets have enabled me to relive some exciting and memorable productions.

Examines the rivalry of New York City's police commissioner and mayor for control over and credit for the city's police force, identifying disturbing cover-ups and corrupt practices that are undermining the NYPD's effectiveness and honor.

Detroit ex-cop August Snow takes up vigilante justice when his beloved neighborhood of Mexicantown is caught in the crosshairs of a human trafficking scheme. When the body of an unidentified young Hispanic woman is dredged from the Detroit River, the Wayne County coroner gives her photo to ex-police detective August Snow, insisting August ask around his native Mexicantown to see if anyone recognizes her. August's good friend Elena, an advocate for undocumented immigrants, immediately pinpoints the girl as local teenager Isadora del Torres. It turns out Izzy isn't the only young woman to have disappeared during an ICE raid only to turn up dead a few weeks later. Preyed upon by the law itself, the people of Mexicantown have no one to turn to but August. In a guns-blazing wild ride across Detroit, he will put his own life on the line to protect the community he loves.

In 1887, an ambitious journalist named Nellie Bly went on an undercover assignment to disclose the mistreatment of women at the Women's Lunatic Asylum on Blackwell's Island. The story created shockwaves throughout the country and caused reform in mental hospitals. It also launched Bly's career. Bly recounts her experience in this book. This book is annotated with a short biography on Nellie Bly.

This "impossible to put down" #1 New York Times bestseller introduces Amos Decker, a gifted police detective with a perfect memory who must solve a mystery he wishes he could forget: his family's murder (Washington Post). Amos Decker's life changed forever--twice. The first time was on the gridiron. A big, towering athlete, he was the only person from his hometown of Burlington ever to play in the NFL. But his career ended before it had a chance to begin. On his very first play, a violent helmet-to-helmet collision knocked him off the field forever, and left him with an improbable side effect--he can forget nothing. The second time was at home nearly two decades later. Now a police detective, Decker returned from a stakeout one evening and entered a nightmare--his wife, young daughter, and brother-in-law had been murdered. His family destroyed, their killer's identity as mysterious as the motive behind the crime, and unable to forget a single detail from that horrible night, Decker finds his world collapsing around him. He leaves the police force, loses his home, and winds up on the street, taking piecemeal jobs as a private investigator when he can. But over a year later, a man turns himself in to the police and confesses to the murders. At the same time a horrific event nearly brings Burlington to its knees, and Decker is called back in to help with this investigation. Decker also seizes his chance to learn what really happened to his family that night. To uncover the stunning truth, he must use his remarkable gifts and confront the burdens that go along with them. He must endure the memories he would much rather forget. And he may have to make the ultimate sacrifice. Memory Man will stay with you long after the turn of the final page.

A New York Times bestseller, *The Midnight Assassin* is a sweeping narrative history of a terrifying serial killer--America's first--who stalked Austin, Texas in 1885. In the late 1800s, the city of Austin, Texas was on the cusp of emerging from an isolated western outpost into a truly cosmopolitan metropolis. But beginning in December 1884, Austin was terrorized by someone equally as vicious and, in some ways, far more diabolical than London's infamous Jack the Ripper. For almost exactly one year, the Midnight Assassin crisscrossed the entire city, striking on moonlit nights, using axes, knives, and long steel rods to rip apart women from every race and class. At the time the concept of a serial killer was unthinkable, but the murders continued, the killer became more brazen, and the citizens' panic reached a fever pitch. Before it was all over, at least a dozen men would be arrested in connection with the murders, and the crimes would expose what a newspaper described as "the most extensive and profound scandal ever known in Austin." And yes, when Jack the Ripper began his attacks in 1888, London police investigators did wonder if the killer from Austin had crossed the ocean to terrorize their own city. With vivid historical detail and novelistic flair, Texas Monthly journalist Skip Hollandsworth brings this terrifying saga to life.

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these

places move, or go out of business and new business places are started giving added employment to members of our race.

Worst of all, everyone is on edge, and fear brings out the worst in

some people Nora has known her whole life. Even if the inmates are caught, she worries that home might never feel the same. A Mighty Girl Best Book of the Year

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Sci-

ence, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.
