A dependable pressure cooker is a must-have for cooks who have so much to do in so little time. With a stainless steel pressure cooker, you can cook chicken, fish, meat and vegetables to

perfection quickly and consistently. Let the pressure cooker take care of the rice while you tend to the more complex parts of your preparations.

The pressure cooker is the number one gadget for people who want to slice huge chunks off the cooking time of meat, pulses and sauces. From ribs that fall off the bone, to stew, casserole or braised meat, a pressure cooker can achieve great results in under an hour. A risotto can be on the table in half the usual time, with very little stirring.
