After a remarkable career in higher education, Sidonie Smith offers Manifesto for the Humanities as a reflective contribution to the current academic conversation over the place of the Humanities in the 21st century. Her focus is on doctoral education and opportunities she sees for its reform. Grounding this manifesto in background factors contributing to current "crises" in the humanities, Smith advocates for a 21st century doctoral education responsive to the changing ecology of humanistic scholarship

and teaching. She elaborates a more expansive conceptualization of coursework and dissertation, a more robust, engaged public humanities, and a more diverse, collaborative, and networked sociality.

It is the responsibility of educators to utilize contemporary avenues in order to reach their students in ways familiar to

them. When teaching digital natives, new techniques are necessary for making new information relevant to their experience. One way to do this is through the use of mobile devices in curricula. This integration can make education accessible anywhere and to anyone, personalized to each student's schedule and needs. The Handbook of Research on Mobile Learning in Contemporary Classrooms expounds the current research on m-learning and strategies to leverage mobile devices in educational contexts. It also addresses the importance of communication, community, and mobility in modern classrooms, while offering a comprehensive overview of the theory and pedagogy associated with this new technology. Nonprofit organizers, K-12 educators, administrators, policy makers, students of education, and developers will find this book to be an important research companion.

Traditional classroom learning environments are quickly becoming a thing of the past as research continues to support the integration of learning outside of a structured school environment. Blended learning, in particular,

offers the best of both worlds, combining classroom learning with mobile and web-based learning environments. *Blended Learning: Concepts, Methodologies, Tools, and Applications* explores emerging trends, case studies, and digital tools for hybrid learning in modern educational settings. Focusing on the latest technological innovations as well as effective pedagogical practice, this critical multi-volume set is a comprehensive resource for instructional designers, educators, administrators, and graduate-level students in the field of education.

From the iconic, best-selling author of *The Vampire Chronicles*—Ramses the Great, former pharaoh of Egypt, is reawakened by the elixir of life in Edwardian England. Now immortal with his bride-to-be, he is swept up in a fierce and deadly battle of wills and psyches against the once-great Queen Cleopatra. In this mesmerizing, glamorous tale of ancient feuds and modern passions, Ramses has reawakened Cleopatra with the same perilous elixir whose unworldly force brings the dead back to life. But as these ancient rulers defy one another in their quest to

understand the powers of the strange elixir, they are haunted by a mysterious presence even older and more powerful than they, a figure drawn forth from the mists of history who possesses spectacular magical potions and tonics eight millennia old. This is a figure who ruled over an ancient kingdom stretching from the once-fertile earth of the Sahara to the far corners of the world, a queen with a supreme knowledge of the deepest origins of the elixir of life. She may be the only one who can make known to Ramses and Cleopatra the key to their immortality—and the secrets of the miraculous, unknowable, endless expanse of the universe.

You've read the best-selling book, The 5 Love Languages, by Gary Chapman. Now, it's time to put what you have discovered

into action. This workbook will help you strengthen your relationship through actively planning to speak your partner's love language and asking for what you need according to your own language. You will start by brainstorming all the things that you could do for your partner and all the things you would like your partner to do for you. Then you will create a plan for actually doing those things each month. You will reflect on the response and feedback you get from your efforts so that you can refine your approach. Remember each language has many different dialects and what you try first may not be on target. Don't give up. Keep trying to speak the same language but in a different way. For example, spending quality time could mean doing a project together or it could mean enjoying the planning but not the actual doing of a project together. It could mean going out to dinner together or it could mean making a meal together. Only through experimentation will you figure out what fills your partner's love tank. Don't just read the book - do the work. Knowledge isn't enough to build a great relationship. The Kindle version comes

with a PDF download version as well.

Undesign brings together leading artists, designers and theorists working at the intersection of art and design. The text focuses on design practices, and conceptual approaches, which challenge the traditional notion that design should emphasise its utility over aesthetic or other non-functional considerations. This publication brings to light emerging practices that consider the social, political and aesthetic potential of "undesigning" our complex designed world. In documenting these new developments, the book highlights the overlaps with

science, engineering, biotechnology and hacktivism, which operate at the intersection of art and design.

Esordisce nel 1875 come scrittrice di novelle pubbli-

cate in importanti riviste del tempo - il Pungolo, L'illustrazione italiana, il Marzocco - viaggiando ed entrando in contatto con Verga e Capuana, esponenti della corrente letteraria del Verismo, alla quale ella stessa aderì. Nel 1890 fu tra i fondatori della rivista Vita intima, che tuttavia cessò le pubblicazioni l'anno dopo. Negli ultimi anni Neera fu probabilmente colpita da un tumore che le impedì di scrivere - ma riuscì a dettare le sue memorie, Una giovinezza del secolo XIX, pubblicate postume nel 1919 - e la condusse alla morte nel 1918. Scrittrice prolifica e di successo, il tema dominante della sua narrativa è l'analisi della condizione femminile - della quale ella accetta il ruolo socialmente subordinato - limitandosi a rivendicare le ragioni del cuore e della sensibilità femminile a fronte della mediocrità della realtà quotidiana nella quale le protagoniste dei suoi romanzi finiscono per ripiegare. This concise guide aims to increase what we understand by innovation in the arts and identify and support opportunities and strategies for the unique ways in which artists and arts administrators think about, engage in, and pur-

sue successful innovation in their diverse creative practice. Innovations in the Arts are often marginalised from a research perspective, in part because of the lack of a sound and compelling theoretical framework to support and explain process distinctions from business and management innovation. This book identifies three key concepts - art innovation, art movement innovation, and audience experience innovation - supported by formal theory for each concept presented and evidenced through case studies in art history. In this way, the book enables readers to identify, explain, and support their innovation efforts as visual, literary, and performing artists and arts administrators. It also explores strategies for pursuing innovation in practice. Drawing attention to the unique ways in which artists and arts administrators think about and engage in innovation, this readable book will be an essential reading for students in all aspects of the creative and cultural industries and an essential guide to developing and promoting innovation in the arts for practitioners and researchers alike. Strengths of KEYS FOR WRITERS include concise

but complete explanations, ease of use (with ten color-coded tabs that clearly signal the book's content), strong ESL coverage, and outstanding student writing samples. New co-author Susan Miller--Cochran brings to this edition a framework for critical thinking that offers students a method for understanding and approaching rhetorical situations. Additionally, new exercises at the end of most parts let students check their understanding. In the documentation sections, Source Shots provide visual examples of how to document sources from print to Internet sources and from encyclopedia articles to MP3 selections. A new focus on writing in the disciplines helps students carry the framework for critical thinking into a variety of academic contexts, while new guidelines for thinking critically about sources helps students apply the framework to source evaluation. A new design provides stronger visual presentation of concepts to help students learn to think critically about their writing and use of sources. Each student text is packaged with a free Cengage Essential Reference Card to the MLA HANDBOOK, Eighth Edition. Important Notice:

ANNE LISTER IS THE INSPIRATION FOR GENTLEMAN JACK, A NEW BBC/HBO SERIES BY SALLY WAINWRIGHT, STARRING SURANNE JONES. 'Engaging, revealing, at times simply astonishing: Anne Lister's diaries are an indispensable read for anyone interested in the history of gender, sexuality, and the intimate lives of women' SARAH WATERS 'The Lis-

ter diaries are the Dead Sea Scrolls of lesbian history; they changed everything. By resurrecting them and editing them with such loving attention and intelligence, Helena Whitbread has earned the gratitude of a whole generation' EMMA DONOGHUE When this volume of Anne Lister's diaries was first published in 1988, it was hailed as a vital piece of lost lesbian history. The editor, Helena Whitbread, had spent years painstakingly researching and transcribing Lister's extensive journals, much of which were written in an elaborate code - what Lister called her 'crypthand', which allowed her to record her life in intimate, and at times, explicit, detail. Until then, Anne Lister's lesbianism had been suppressed or hinted at; this was the first time her story had been told. Anne Lister defied the role of nineteenth-century womanhood: she was bold, fiercely independent, a landowner, industrialist, traveller and lesbian - a woman who lived her life on her own terms. '[Anne Lister's] sense of self, and self-awareness, is what makes her modern to us. She was a woman exercising conscious choice. She controlled her cash and her body. At a time when

women had to marry, or be looked after by a male relative, and when all their property on marriage passed to their husband, Anne Lister not only dodged the traps of being female, she set up a liaison with another woman that enhanced her own wealth and left both of them free to live as they wished . . . The diaries gave me courage' JEANETTE WINTERSON ALSO AVAILABLE IN EBOOK, THE SECOND VOLUME OF DIARIES: NO PRIEST BUT LOVE

A timeless story rediscovered by each new generation, *The Diary of a Young Girl* stands without peer. This graphic edition remains faithful to the original, while the stunning illustrations interpret and add layers of visual meaning and immediacy to this classic work of Holocaust literature. For both young readers and adults *The Diary* continues to capture the remarkable spirit of Anne Frank, who for a time survived the worst horror the modern world has seen—and who remained triumphantly and heartbreakingly human throughout her ordeal. Includes extensive quotations directly from the definitive edition; adapted by Ari Folman, illustrated by David Polonsky, and au-

thorized by the Anne Frank Foundation in Basel. **KEYS FOR WRITERS WITH WRITING ASSIGNMENTS** is a valuable resource for users who are in college and in the workplace. The authors' concise presentation clarifies key concepts, such as the writing process, critical thinking, grammar fundamentals, and integration and acknowledgment of sources. Each student text is packaged with a free Cengage Essential Reference Card to the **MLA HANDBOOK, Eighth Edition**. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. The award-winning poet reinvents a genre in a stunning work that is both a novel and a poem, both an unconventional re-creation of an ancient Greek myth and a wholly original coming-of-age story set in the present. Geryon, a young boy who is also a winged red monster, reveals the volcanic terrain of his fragile, tormented soul in an autobiography he begins at the age of five. As he grows older, Geryon escapes his abusive brother and affectionate but ineffectual mother, finding solace behind the lens of his cam-

era and in the arms of a young man named Herakles, a cavalier drifter who leaves him at the peak of infatuation. When Herakles reappears years later, Geryon confronts again the pain of his desire and embarks on a journey that will unleash his creative imagination to its fullest extent. By turns whimsical and haunting, erudite and accessible, richly layered and deceptively simple, *Autobiography of Red* is a profoundly moving portrait of an artist coming to terms with the fantastic accident of who he is. A **NEW YORK TIMES NOTABLE BOOK OF THE YEAR** National Book Critics Circle Award Finalist "Anne Carson is, for me, the most exciting poet writing in English today." -Michael Ondaatje "This book is amazing--I haven't discovered any writing in years so marvelously disturbing." --Alice Munro "A profound love story . . . sensuous and funny, poignant, musical and tender." --The New York Times Book Review "A deeply odd and immensely engaging book. . . . "This story is a captivating blend of science fiction, fantasy, and mystery. For 11-13-year-old readers that enjoy books such as *A Wrinkle In Time*." "What am I?" Sheena Meyer is the girl that brings an extra sandwich to school each day just in case someone doesn't have lunch. She's also the girl that questions and investigates everything, driving her parents and teachers nuts. She spends most days waiting for some grand event to happen and change her life. But this isn't what she had in mind. The Murk is coming for her because of a gift she doesn't know she has. Nine years ago an angel appeared in front of select kids all over the world. In Michigan, it appeared in a willow tree in front of a four-year-old little girl. She's the only child that saw it, the one with the gift. Sheena is now thirteen and has since forgotten what she saw. But things change when her father is in a terrible accident, and she witnesses a supernatural being save him. "I saw what you did. Come back!" An elderly man, the arrival of a pecu-

liar new kid at school, and mysterious text messages will change everything Sheena has ever believed in, sweeping her out of a humdrum, teenage existence, and setting in motion what one little girl's destiny can mean to the world.

The New York Times best-seller from the author of *Dusk, Night, Dawn*, *Hallelujah Anyway*, *Bird by Bird*, and *Almost Everything* "Lamott's ...most insightful book yet, *Stitches* offers plenty of her characteristic witty wisdom...this slim, readable volume [is] a lens on life, widening and narrowing, encouraging each reader to reflect on what it is, after all, that really matters."—People "What do we do when life lurches out of balance? How can we reconnect to one other and to what's sustaining, when evil and catastrophe seem inescapable? These questions lie at the heart of *Stitches*, Lamott's profound follow-up to her New York Times–bestselling *Help, Thanks, Wow*. In this book Lamott explores how we find meaning and peace in these loud and frantic times; where we start again after personal and public devastation; how we recapture wholeness after loss; and how we lo-

cate our true identities in this frazzled age. We begin, Lamott says, by collecting the ripped shreds of our emotional and spiritual fabric and sewing them back together, one stitch at a time. It's in these stitches that the quilt of life begins, and embedded in them are strength, warmth, humor, and humanity.

What is it that makes something beautiful? Is beauty solely in the eye of the beholder, or something deeper, more significant? In *Beauty (and the Banana)*, Nixon writes as an introductory book for Christian leaders, providing the reader an overview of the historical, hermeneutical, and heuristic considerations of beauty. Using the artwork *Comedian* (a banana taped to a wall) by Italian artist Maurizio Cattelan as a springboard, Nixon addresses various fundamental factors of beauty—ontology (being), teleology (form and understanding), and immutability (transcendence and eternity). Integrating poetry and classical ideals throughout, *Beauty (and the Banana)*'s response to the above questions may surprise all who read—beauty is more than meets the eye.

Practical and Pedagogical Guide is designed to introduce narrative medicine in medical humanities courses aimed at pre-medicine undergraduates and medical and healthcare students. With excerpts from short stories, novels, memoirs, and poems, the book guides students on the basic methods and concepts of the study of narrative. The book helps healthcare professionals to build a set of skills and knowledge central to the practice of medicine including an understanding of professionalism, building the patient-physician relationship, ethics of medical practice, the logic of diagnosis, recognizing mistakes in medical practice, and diversity of experience. In addition to analyzing and considering the literary texts, each chapter includes a vignette taken from clinical situations to help define and illustrate the chapter's theme. Literature and Medicine illustrates the ways that engagement with the humanities in general, and literature in particular, can create better and more fulfilled physicians and caretakers.

A Wall Street Journal best-seller! *** We've all been there: stuck in a cycle of what-ifs, plagued by inde-

cision, paralyzed by the fear of getting it wrong. Nobody wants to live a life of constant overthinking, but it doesn't feel like something we can choose to stop doing. It feels like something we're wired to do, something we just can't escape. But is it? Anne Bogel's answer is no. Not only can you overcome negative thought patterns that are repetitive, unhealthy, and unhelpful, you can replace them with positive thought patterns that will bring more peace, joy, and love into your life. In Don't Overthink It, you'll find actionable strategies that can make an immediate and lasting difference in how you deal with questions both small--Should I buy these flowers?--and large--What am I doing with my life? More than a book about making good decisions, Don't Overthink It offers you a framework for making choices you'll be comfortable with, using an appropriate amount of energy, freeing you to focus on all the other stuff that matters in life.
