From the late 1940s to the mid-1970s, Richard Nixon was a polarizing figure in American politics, admired for his intelligence, savvy, and strategic skill, and reviled for his shady manner and...

In his last years, Nixon gained praise as an elder statesman. By the time of his death on April 22, 1994, he had written numerous books on his experiences in public life and on foreign policy.

Nixon was generally an introvert and a formal man, who often seemed socially ill at ease. He had few close friends with whom he could really relax. Still he charmed many people in the American public, especially those who admired his humble beginnings and his every-man appeal.
