The elderly curator of the Louvre has been murdered inside the museum, his body covered in baffling symbols. As Langdon and gifted French

cryptologist Sophie Neveu sort through the bizarre riddles, they are stunned to discover a trail of clues hidden in the works of Leonardo da Vinci—clues visible for all to see and yet ingeniously disguised by the painter. Even more startling, the late curator was involved in the Priory of Sion—a secret society whose members included Sir Isaac Newton, Victor Hugo, and Da Vinci—and he guarded a breathtaking historical secret. Unless Langdon and Neveu can decipher the labyrinthine puzzle—while avoiding the faceless adversary who shadows their every move—the explosive, ancient truth will be lost forever.

The evening's host is billionaire Edmond Kirsch, a futurist whose dazzling high-tech inventions and audacious predictions have made him a controversial global figure. But before his secret can be revealed, the meticulously orchestrated evening is blown apart. With his life under threat, Langdon is forced to flee, aided by the museum's director, Ambra Vidal. beat a devious enemy to Kirsch's discovery, Langdon and Vidal must follow a perilous trail, signposted only by enigmatic symbols, hidden history and elusive modern art. At its end they will come face-to-face with a breathtaking truth that has remained buried - until now. Harvard professor Robert Langdon receives an urgent late-night phone call while on business in Paris: the elderly curator of the Louvre, Jacques Saunière, has been brutally murdered inside the museum. As Langdon and a gifted French cryptologist, Sophie Neveu, begin to sort through the bizarre riddles, they are stunned to find a trail that leads to the works of Leonardo Da Vinci - and suggests the answer to a mystery that stretches deep into the vault of history. Langdon suspects the late curator was involved in the Priory of Sion - a centuries old secret society - and has sacrificed his life to protect the Priory's most sacred trust: the location of a vastly important religious relic hidden for centuries. But it now appears that Opus Dei, a clandestine sect that has long plotted to seize the Priory's se-

cret, has now made its move. Unless Langdon and Neveu can decipher the labyrinthine code and quickly assemble the pieces of the puzzle, the Priory's secret - and a stunning historical truth - will be lost forever. The narrator of *The Inferno*—ostensibly August Strindberg himself—has not had an easy recent past, and a move to Paris is not helping. As his mania overtakes his ability to function in the society of

artists, writers, scientists and philosophers he'd like to be part of, he turns to more unconventional methods to help make sense of his world. Written in diary form, *The Inferno* is a semi-autobiographical work that blends self-deprecating humour with a whirl of neurosis and attempted rationalisation. The novel, with a certain amount of exaggeration for literary effect, charts two years of Strindberg's life in the 1890s. Presented here is Claud Field's 1913 translation from the original French. This book is part of the Standard Ebooks project, which produces free public domain ebooks.
