HUDSON I've been living in a blissful bubble for nearly a year now. Everything with Rae is perfect, and I feel like we're on the fast track to forever. Then I go and do something stupid and suddenly we're speeding toward Splitsville. Well, to be fair, I've been doing something stupid. I just haven't had the balls to tell her about it. It could break us. Or make us stronger. I'm only hoping she sees things my way... RAE I never anticipated my life looking like it does, living with my boyfriend and his eight-year-old daughter. But here I am, happier than I could have ever imagined. Until Hudson screws it all up, telling lie after lie after freakin' lie. But he thinks he's "doing the right thing." He doesn't see things my

way... How am I supposed to say yes to forever when I can't even trust my tomorrow? Maybe this was all a mistake...

Praise for Stupid Fast "A rare mix of raw honesty and hilarity. Stupid Fast is Stupid Good!" -Peter Bognanni, author of The House of Tomorrow I AM NOT STUPID FUNNY. I AM STUPID FAST. My name is Felton Reinstein, which is not a fast name. But last November, my voice finally dropped and I grew all this hair and then I got stupid fast. Fast like a donkey. Zing! Now they want me, the guy they used to call Squirrel Nut, to try out for the football team. With the jocks. But will that fix my mom? Make my brother stop dressing like a pirate? Most important, will it get me girls-especially Aleah? So I train. And I run. And I sneak off to Aleah's house in the night. But deep down I know I can't run forever. And I wonder what will happen when I finally have to stop.

If you've lost your ex, not all hope is lost! In fact, you have every chance in the world to get your former partner back. And this book is one of the essential keys to doing it. You may have been advised to follow your heart if you wish to have the person you love back at your side. While that's certainly good advice, it is not all you should do. At the end of the day, you need to think of reconciliation as a goal. If you have a goal, then the next thing you need is a plan and a strategy. That means planning, considering the pros and cons, and carefully weighing your options. However, with this book you're in the best position to get your ex back - and it starts the very moment you start reading and implementing what I teach you. This book will explain some very simple tactics that can give your ex a completely different view of the person you are and get her

to fall in love with you all over again. But more importantly, I will help you determine exactly why you lost her in the first place, how to shift your focus from her onto you to break the energy attachment, and show you how to keep her this time by actually becoming a better man and being her best option. While it may seem completely counter-intuitive but focusing on yourself is the critical first step in getting your ex back and keeping her. This book will start from square one and lead you through all the steps to getting the woman you've been after, whether it's your ex or someone even better. We cover the essentials to developing yourself so that you are attractive to women. How to determine what type of woman is best for you. How to pull off the romance she so desperately wants. And most importantly to your success, how to build your own self-confidence so that you are comfortable doing anything. If you master the techniques presented in this book, you will have all of the tools necessary to make women find you irresistible. I titled the book "Men Are Stupid" because so many men spend so much time and energy trying to play games and manipulate women all in an effort to "trick" her and get her into bed. I said men are stupid because they fail to realize that women are incredible creatures and are just as, if not more, sexual and sensual than men. They want sex just as much as we do. You don't need to play games or tricks. You just simply need to understand that women get turned on from the inside out. You must seduce her mind first, then everything else will open. The best way to find and maintain a relationship with a woman is to first understand how she operates, what turns her on, and how to keep her interested. Once you understand these key points you will unlock the secrets of

seducing a woman. The first thing to do is to get inside her mind, and determine her inner workings. Once you truly understand how she works, everything else will fall into place. Good Luck in your journey!

Your mind does not grow old. Age is the dawn of wisdom. Welcome the change. Mind and spirit do not grow old. You are as old as you think you are. Age is an asset. You must be a producer and not a prisoner of society.

Luke Fate is a funny thing. It brings us together, tears us apart, brings us back together, makes us do stupid things that people find out about...then it keeps you stuck in a damn hospital bed, in a coma, while the love of your life goes to Singapore. And the cherry on the sundae - I obviously couldn't talk to her to tell her the truth. Then fate just adds to that already big steaming pile of 'fate crap' and you wake up and lay in your hospital bed watching the love of your life get sick on television thousands of miles away. But you can change your path so that fate is actually a good thing - right? At least that's what I'm going to try to do. Isla I never wanted to see his stupid face again. I mean, I hope he got better, but his face was still stupid. And now I'm in hospital and it's all his fault - well, kinda. Then he turns up and I'm stuck with him because he's keeping us all safe! I've got a choice to make now - do I forgive him or not? Do I believe that it wasn't what it looked like? Yes. Do I believe that he knows how stupid he was? Yes. Am I ready to walk away from the man that I've been in love with for most of my life? No. And now there's more for us to fight for. Our lives, our family's lives, and our babies lives.

Jes struggles to balance her life, dealing with her mother's second marriage, her devious soon-to-be stepsister Angela, and her best friend's lovesick behavior. Ever, These letters are often all that get me through week to week. Even if it's just random stuff, nothing important, they're important to me. Gramps is great, and I love working on the ranch. But... I'm lonely. I feel disconnected, like I'm no one, like I don't belong anywhere. Like I'm just here until something else happens. I don't even know what I want with my future. But your letters, they make me feel connected to something, to someone. I had a crush on you, when we first met. I thought you were beautiful. So beautiful. It was hard to think of anything else. Then camp ended and we never got together, and now all I have of you is these letters. S**t. I just told you I have a crush on you. HAD. Had a crush. Not sure what is anymore. A letter-crush? A literary love? That's stupid. Sorry. I just have this rule with myself that I never throw away what I write and I always send it, so hopefully this doesn't weird you out too much. I had a dream about you too. Same kind of thing. Us, in the darkness, together. Just us. And it was like you said, a memory turned into

a dream, but a memory of something that's never happened, but in the dream it felt so real, and it was more, I don't even know, more RIGHT than anything I've ever felt, in life or in dreams. I wonder what it means that we both had the same dream about each other. Maybe nothing, maybe everything. You tell me. Cade ~ ~ ~ ~ Cade, We're pen pals. Maybe that's all we'll ever be. I don't know. If we met IRL (in real life, in case you're not familiar with the term) what would happen? And just FYI, the term you used, a literary love? It was beautiful. So beautiful. That term means something, between us now. We are literary loves. Lovers? I do love you, in some strange way. Knowing about you, in these letters, knowing your hurt and your joys, it means something so important to me, that I just can't describe. I need your art, and your letters, and your literary love. If we never have anything else between us, I need this. I do. Maybe this letter will only complicate things, but like you I have a rule that I never erase or throw away what I've written and I always send it, no matter what I write in the letter. Your literary love, Ever

During the interstellar travel that took her years, generations came and went on Earth. She eventually arrived on Aleph-10 sometime after the end of the war, when humans and the enemy Taurans were at peace. There she

learned that what's left of humanity is a hive mind known as MAN, that inhabits 10 thousand million entities. Making use of the time paradox, Marygay spent the next 286 Earth years in the Time Warp, where she aged just one month every 10 years. This allowed her to arrive, along with other Forever War veterans, on Middle Finger. There she was reunited with her lost love, William, and free to live amongst other heterosexuals and to procreate in the traditional mammalian way. But life on Middle Finger is not as idyllic as Marygay and the others assumed.

This book describes a simple set of rules that men can live by which will keep them and their wives happy. The rules are simple on their surface, but belie a strong message beneath. The rules are, simply, shut up, drive, and write the checks. Of course, as with any other deceptively simple set of rules, true happiness comes from truly understanding them and living up to them whenever possible. Since the rules are for men only, it would appear that there is nothing here for women. Quite to the contrary, there are sections of the book which are intended to help women understand how these rules should be interpreted. There are also sections on helping your man live a more honest and simpler life. I'm a guy that has managed to stay married to the same woman for 25 years. Last year would have been my parent's 50th anniversary. Success is the test of any method and this method has been tested.

From the bestselling author of "Bloom" and "Perfect You" comes a romantic but dark coming-of-age story--a moving portrait of love, loss, and identity.

How does one define hell on earth? I would answer that by telling you to walk a mile in my shoes. I laugh at the very thought; knowing that the average per-

son wouldn't be able to take the scrutiny I have endured. Most work their fingers to the bone with calloused hands that bares proof. Oh, but if you peeled back the layers of my heart. My heart is just as calloused; it's been worked overtime for a while. I never knew that losing my parents would have me travel down, a dark road of perilous times. The pain of loving and losing in a repetitive cycle; took me for a chase. It is a never-ending chase of love, hatred and the worst; my addiction to Karma. Life has me contradicting everything that I stand for. My career, my health and my source of living has been sucked down the drain of domestic violence, low self-esteem and drug abuse. The only freedom was loving, Luscious Morningstar more than I love myself. His name speaks for itself. I married the devil. If I could turn back the hands of time. I would have left his ass standing in the need of prayer. Then again; his soul was already kicked out of heaven just like Lucifer. My mother said on her death bed, "Be careful what you ask for; you might just get it." My name is Miriam Sa'Venom- Morningstar, a woman who is just like someone in your family. The one you had to hide your purse and loose change from. Love, crack and the fucked up trigger-points; that started my mess.

silly rules. How was an eight-year-old boy supposed to have any fun? The professor definitely needed a lesson in laughter - and love! * * * Many people say family is everything. There is nothing more beautiful than two people coming together for the sake of a child, finding love, and forming A Family Forever. Look for all the titles in the series: A Beautiful Stranger Made in Paradise A Reason to Believe An Accidental Family Nanny and the Professor

Judge Judy has heard enough. As a family court judge in New York City and now in her successful TV courtroom show, she has listened to thousands of excuses, complaints, and tales of woe from women of every background, and she's ready to rule. Women, she states with her trademark frankness, need to wise up, stop subjugating who they are, and stop making stupid decisions in the name of love. They hide their talents and opinions so they won't offend. They tiptoe through life letting others take credit for their ideas because they would rather be liked than respected. They spend their lives trying to please everyone but them-selves, and then they wonder why they feel so frustrated and unfulfilled. Beauty Fades, Dumb Is Forever presents Judge Judy's ten hard and true lessons for happiness: Beauty fades, dumb is forever. Don't crawl when you can fly. What goes up must come down. Denial is a river in Egypt. Master the game--then play it. You're the trunk of the tree. You can't teach the bull to dance. Failure doesn't build character. Letting go is half the fun. You can be the hero of your own story.
