N85UDO - TRISTIAN JORDAN

James Gregory is recovering from the injuries he received in the Target North episode. His girlfriend's father has retired from the intelligence department he worked for, but this doesn't stop him from enlisting the services of James - "Call it sun therapy. Part of your convalescence. I'm told the weather in northern Portugal is very pleasant at this time of year. It should only take a day or two to clear this thing up, reassure the lady, you know. You don't really have to get involved. If it looks that bad, just walk away, head down to the Algarve. Enjoy yourself." Just walk away - that was what he should have done, not get involved up to his neck. Another fast paced thriller for fans of James Gregory, with a very explosive ending . . .

'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious

ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.

One hundred years ago, a lord lived happily in his castle. Alcohol flowed freely and the festivities were endless. One day, while he was out hunting, he jostled a young goose herder who was saved in the nick of time by a bonnet maker. The lord always said "Everything in the right place!" and that is what happened, to the lord's great chagrin. Over the years, things would change a lot. Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children's literature, his most cherished fairy tales include "The Emperor's New Clothes", "The Little Mermaid", "The Nightingale", "The Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl". His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is loosely based on "The Snow Queen", in 2013. Thanks to Andersen's contribution to children's literature, his birth date, April 2, is celebrated as International Children's Book Day.

No writer's or editor's desk is complete without a battered, page-bent copy of the AP Stylebook. However, this not-so-easy-to-use reference of journalistic style is often not up-to-date and leaves reporters and copyeditors unsatisfied. Bill Walsh, copy chief for the Washington Post's business desk, addresses these shortcomings in *Lapsing into a Comma*. In an opinionated, humorous, and yes, curmudgeonly way, he shows how to apply the basic rules to unique, modern grammar issues. Walsh explains how to deal with perplexing situations such as trendy words, foreign terms, and web speak.

Guy Bourdin, who died in 1991, was a legend in the world of fashion photography. He was the most radical and audacious photographer of his generation but his reputation has been surrounded in secrecy - he rarely allowed his photographs to appear outside the pages of *French Vogue*. No book of his work has previously been published. His estate was frozen by the courts until 1997, after which his son, Samuel, gained control of his work as a result of which this long-awaited book can be published. Bourdin was originally a painter and a friend of Man Ray. His fashion photographs began to incorporate his surrealist influences. Fashion photography became an arena for his personal obsessions. The results are as shocking and astonishing as any commercial photograph ever published. They were executed meticulously. Despite his intense eroticism, subversion and, as Cecil Beaton described, 'his grotesque little gamines', Beaton referred to him in 1975 as 'unquestionably the most interesting fashion photographer in Paris today'. His work was said to have represented 'the look of an era - glamorous, hard-edged, cleverly spiced with vulgarity.. .rich with implied narratives and strong erotic undercurrents'

Divine Stories is the inaugural volume in a landmark translation series devoted to making the wealth of classical Indian Buddhism accessible to modern readers. The stories here, among the first

texts to be inscribed by Buddhists, highlight the moral economy of karma, illustrating how gestures of faith, especially offerings, can bring the reward of future happiness and ultimate liberation. Originally contained in the Divyavadana, an enormous compendium of Sanskrit Buddhist narratives from the early Common Era, the stories in this collection express the moral and ethical impulses of Indian Buddhist thought and are a testament to the historical and social power of narrative. Long believed by followers to be the actual words of the Buddha himself, these divine stories are without a doubt some of the most influential stories in the history of Buddhism.

Up until the advent of Nasser and the 1956 War, a thriving and diverse Jewry lived in Egypt - mainly in the two cities of Alexandria and Cairo, heavily influencing the social and cultural history of the country. Histories of the Jews of Egypt argues that this Jewish diaspora should be viewed as "an imagined bourgeoisie". It demonstrates how, from the late nineteenth century up to the 1950s, a resilient bourgeois imaginary developed and influenced the lives of Egyptian Jews both in the public arena, in institutions such as the school, and in the home. From the schools of the Alliance Israélite Universelle and the Cairo lycée français to Alexandrian marriage contracts and interwar Zionist newspapers - this book explains how this imaginary was characterised by a great capacity to adapt to the evolutions of late nineteenth and early twentieth century Egypt, but later deteriorated alongside increasingly strong Arab nationalism and the political upheavals that the country experienced from the 1940s onwards. Offering a novel perspective on the history of modern Egypt and its Jews, and unravelling too often forgotten episodes and personalities which contributed to the making of an incredibly diverse and lively Jewish diaspora at the crossroads of Europe and the Middle East, this book is of interest to scholars of Modern Egypt, Jewish History and of Mediterranean History.

This book explores the significance of silence within and beyond pedagogical contexts. Silence is a complex and multidimensional phenomenon for everyday life: since schools mirror society, it is also significant in education. While silence can be experienced in a multitude of different ways, the author reflects on whether silence itself can bear a message: is there an aspect of dialogue in silence, or is it a language all of its own? This book examines a variety of silences essential for education, examining such topics as silence and aspects of power, silent students, and the relationship between listening and silence. Drawing on a range of empirical data, the author elucidates the significance of silence in pedagogical contexts.

Kerala, on the south-western coast of India, was described as late as 1838, as 'God's Garden' by German missionary and scholar, Hermann Gundert. Even as this land continues to sustain its reputation, little is known about its social and cultural ethos. Lore and Legends of Kerala is a distillation of 48 of the most sparkling of the 800 or so stories that form *Aithiyamala*, the definitive collection of the myths and social history of Kerala. *Aithiyamala*, which was first published in 1909, is a compilation of narratives that were recorded by Kottarathil Sankunni and published by the Malayala Manorama newspaper and its literary journal *Bhashaposhini*. Peopled by sorcerers, spirits, dynamic women, and snakes and elephants, the stories of this grand collection explore universal human values like faith, commitment to spirituality, respect for elders, reverence for parents and mentors, love for the young, and compassion for dependants. Significantly, the stories range across all the religious groups of Kerala. A representative selection of the themes and stories of this classic work, this book includes illustrations by leading Malayalee artists C.N. Karunakaran and Namboodiri. This book has been designed to appeal to young readers who will find the stories interesting and the illustrations delightful, as also for enthusiasts of Indian literature and culture and general readers.
