A good staff training program is just that -- a program, with a structure and logic to it that make sense for your organization. It should continue throughout the life of the organization and include initial training for new staff, staff development (ongoing training for all staff), and professional development (the opportunity to gain new knowledge or skills, or to move to the next level of ...

Often, initial proposal review, or "first cuts", are based on the abstract alone. The abstract should not be the last part of the proposal that is written. Deadline pressures prior to submission of the proposal are often intense. The writing of this crucial aspect of the proposal should be given the time and consideration it deserves.
