AGCO SISU POWER diesel engines are built

to the highest quality standards to ensure many years of robust, reliable performance, and are very straightforward to operate and simple to maintain. The modular design and commonality of parts between 3, 4, 6 and 7 cylinder engines makes service and parts availability simple and convenient.

AGCO Power has made diesel engines at its plant in Linnavuori in the town of Nokia for 70 years. The production technology of this modern facility was completely renovated in 2005–2007.
