 E01 Cold rooms/freezer
 rooms and related
 equipment performance
 specifications and
 verification protocols. The
 following performance
 specifications and
 verification protocols for
 E01 category Cold
 rooms/freezer rooms and
 related equipment were
 approved by the PQS
 Steering Group on 14
 September 2007.
 All corners and T-panels
 shall be constructed with
 a minimum ¼" radius in
 accordance with NSF
 standard No. 7. Cold
 Room Solutions' structural
 framing members allow
 minimal size corner
 sections without loss of

strength, leaving
 maximum wall space for
 glass door openings and
 providing the ability to
 locate doors close to
 corners.
