The data implies that 80% of patients with TBI who received speech therapy made improvements in cognition. Newer evidence supports that speech and language treatment is effective in improving receptive and expressive language skills in individuals with aphasia. (Brady, Kelly, Godwin, & Enderby, 2012).

Amazon.com: Customer reviews: Speech Therapy Aphasia ...

The Speech Therapists at the rehab where my mom is (with aphasia from a seizure) were so impressed with this book. Mom has been working with it, and also an app that we were referred to. I would suggest this book to anyone with aphasia who is also doing speech therapy or as a way to keep working between sessions.
