### Website Style Guide Resources

A style guide is a collection of pre-designed elements, graphics and rules designers or developers should follow to ensure that separate website pieces will be consistent and will create a cohesive experience at the end.

A style manual, or style guide, is a set of standards for the design of documents, website pages, signage, and any other form of other brand identifier. The reason for their existence is to ensure complete uniformity in style and formatting wherever the brand is used.

### Maintain Consistency With a Website Style Guide

Web Style Guide. Writing for the Web follows the Department's style, which is based on the AP Stylebook. Please consult this resource if you have questions. HHS Exceptions from AP style. Abbreviations for states; Acting (as a job title) Agency names and use of the word "the"

UI style guide created to keep as a reference and make sure the user interface is consistent across the board. It helps build your app by ensuring that typography and UI elements are used in the same way all the time, hooked directly into the same CSS so that any updates will be automatically reflected in the guide.

Style Guides¶ A style guide is a set of standards for the writing and design of content, defining the style to be used in communication within a particular organization. Basically, style guides are put together to clarify the way a group of people talk and write about the things they do. Think of authoring best practices.

Web style guides work in a similar way to brand/identity guidelines, the only difference being that you're not creating an identity for a brand, but rather an identity for a website. This time the brand is the website and, as such, a style guide is set out to create consistency and unity within a website's design.

All good brands have a great style guide. Creating a simple booklet that catalogs the specific colors, type, logos, imagery, patterns, taglines, etc. of a brand makes sure the brand machine runs smoothly. To prove why you shouldn't let your style guide go by the wayside, we're going to take a look at 50 stunning and detailed examples of style guides that are sure to encourage you to begin ...
