"You have a beautiful skin," kata seorang wanita Amerika di sebuah kelas zumba. "Thank you!" jawabku terkejut senang. "Kok bisa kamu punya warna kulit tan gitu? Gimana caranya?" But the twins quickly discover that the secrets, lies, and gossip they thought they'd outrun can travel between islands just as easily as they can. Will Harper and Tabitha be able to bury the hatchet and end their sibling rivalry once and for all? Before the last beach picnic of the season, there will be enough old resentments,

new loves, and cases of mistaken identity to make this the most talked-about summer that Martha's Vineyard and Nantucket have experienced in ages. "Parent Trap vibes with an adult twist...One of Hilderbrand's most binge-worthy confections." —Elisabeth Egan, New York Times

I tre la cercano tra le spiagge della costa pacifica e le montagne dell'entroterra, sulle quali svernano le farfalle Monarca. Un romanzo dalle mille voci e dai mille echi, sullo sfondo del quale si rintracciano Frida Kahlo e Pedro Páramo e intorno a cui risuona il frastuono del fenomeno mondiale del femminicidio.

The presidency of Donald Trump marks a profound change in the trajectory of American government, politics, and culture. Like his administration, the movement that put him in office represents a phenomenon that is worth studying. Donald Trump is unlike any president we've ever had. He is the only person ever elected to be commander in chief who has not first held public office or served as a general in the military. His principles grow out of five decades of business and celebrity success-not politics-so he behaves differently than do traditional politicians. In UNDERSTANDING TRUMP, Newt

Gingrich shares what he learned from more than two years helping Trump and his team throughout the campaign, the election, and during the first months of the presidency. Mr. Gingrich provides unique insight into how the new president's past experiences have shaped his life and style of governing. This book also includes Mr. Gingrich's thorough analysis of how President Trump thinks and makes decisions, as well as the president's philosophy, doctrine, and political agenda going forward. Further, these pages hold a detailed discussion of Trump-style solutions for national security, education, health care, economic growth, government reform, and other important topics. Mr. Gingrich also identifies the forces in the Washington establishment, media, and bureaucracy that will oppose the president at every turn. Finally, UNDERSTANDING TRUMP explains the president's actions so far and lays out a vision for what Americans can do to help make President Trump's agenda a success. The president owes his position to the people who believed in him as a candidate, not to the elites in government and media who have expressed contempt for him since he began his campaign to become president. The very essence of Trump's mission is a willingness to enact policies and set goals that send our country in a bold new direction - one that may be "unreasonable" to Washington but is sensible to millions of Americans outside the Beltway. Only with the country's help will President Trump be able to overcome the entrenched interests in Washington and fulfill his promise to make America great again for all Americans.

It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leonidas Trujillo's dictatorship. It doesn't have to. Everybody knows of Las Mariposas—"The Butterflies." In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from hair ribbons and secret crushes to gunrunning and prison torture, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human cost of political oppression.

Old School is in session.... You have probably heard the term Old School, but what you might not know is that there is a concentrated effort to tear that school down. It's a values thing. The anti-Old School forces believe the traditional way of looking at life is oppressive. Not inclusive. The Old School way may harbor microaggressions. Therefore, Old School philosophy must be diminished. Those crusading against Old School now have a name: Snowflakes. You may have seen them on cable TV whining about social injustice and income inequality. You may have heard them cheering Bernie Sanders as he suggested the government pay for almost everything. The Snowflake movement is proud and loud, and they don't like Old School grads. So where are you in all this? Did you get up this morning knowing there are mountains to climb—and deciding how you are going to climb them? Do you show up on time? Do you still bend over to pick up a penny? If so, you're Old School. Or did you wake up whining about safe spaces and trigger warnings? Do you feel marginalized by your college's mascot? Do you look for something to get outraged about, every single day, so you can fire off a tweet defending your exquisitely precious sensibilities? Then you're a Snowflake. So again, are you drifting frozen precipitation? Or do you matriculate at the Old School fountain of wis-

dom? This book will explain the looming confrontation so even the ladies on The View can understand it. Time to take a stand. Old School or Snowflake. Which will it be?

In this timely tale of immigration, two cousins learn the importance of family and friendship. A year of discoveries culminates in a performance full of surprises, as two girls find their own way to belong. Mexico may be her parents' home, but it's certainly not Margie's. She has finally convinced the other kids at school she is one-hundred percent American—just like them. But when her Mexican cousin Lupe visits, the image she's created for herself crumbles. Things aren't easy for Lupe, either. Mexico hadn't felt like home since her father went North to find work. Lupe's hope of seeing him in the United States comforts her some, but learning a new language in a new school is tough. Lupe, as much as Margie, is in need of a friend. Little by little, the girls' individual steps find the rhythm of one shared dance, and they learn what "home" really means. In the tradition of My Name is Maria Isabel—and simultaneously published in English and in Spanish—Alma Flor Ada and her son Gabriel M. Zubizarreta offer an honest story of family, friendship, and the classic immigrant experience: becoming part of something new, while straying true to who you are.

Heather Larkin is a struggling single mother who lives for her son Jordan's baseball games. But Jordan is shy, and Heather fears he is being lured down a dark path by one of his teammates, a young man from an affluent family whose fun-loving manner might possibly conceal his violent plans. But she doesn't know that her husband and her son, Evan, are keeping secrets from her - secrets that might destroy all of them. At the center of all of them is Chris Brennan. Why is he there? What does he want? And what is he willing to do to get it?

From #1 New York Times bestselling author and radio host Mark R. Levin comes a searing plea for a return to America's most sacred values. In *Rediscovering Americanism*, Mark R. Levin revisits the founders' warnings about the perils of overreach by the federal government and concludes that the men who created our country would be outraged and disappointed to see where we've ended up. Levin returns to the impassioned question he's explored in each of his bestselling books: How do we save our exceptional country? Because our values are in such a precarious state, he argues that a restoration to the essential truths on which our country was founded has never been more urgent. Understanding these principles, in Levin's words, can "serve as the antidote to tyrannical regimes and governments." *Rediscovering Americanism* is not an exercise in nostalgia, but an appeal to his fellow citizens to reverse course. This essential book brings Levin's celebrated, sophisticated analysis to the troubling question of America's future, and reminds us what we must restore for the sake of our children and our children's children.

It was the stuff dreams were made of. It became the ultimate nightmare. Being the first winner of the *X Factor* in 2004, Steve Brookstein should have had it all. Instead, he tells a story of a man sold down the river by his own record label as they championed the runner-up, G4, and forced him into an album of cover songs. This is the story of what really happened, from vicious personal attacks by Sharon Osborne and Louis Walsh to threats from Max Clifford about going public. A decade on, and Max Clifford is inside and severely discredited. So, too was Andy Coulson, an editor who ran many of the untrue stories about Steve. He has been dubbed a pub singer, a fake, a flop and bitter as the narrative that begun on the show became adopted by journalists who thought he was fair game, frequently reviewing gigs that they hadn't been to or inventing quotes he hadn't said, and always regulated by a toothless Press Complaints Commission. Ten years on, Steve is now able to lift the lid on the show itself and analyse for the first time exactly what Max Clifford said when he rang to say, 'Talk to the press and we'll bury you.'
