OL8JJ1 - BEST CHAPMAN

Over the protests of Owl, a narrator introduces an alphabet consisting entirely of rabbits.

Illustrated in a stark and simple style, this collection of outrageous cartoons follows over 100 bunnies as they find ever more outlandish ways to do themselves in.

Young sailor and aspiring Olympic competitor Kevin A. Hall's biggest dream was to raise a family. But within the space of three years, he was diagnosed with both testicular cancer and bipolar disorder, putting his family and Olympic dreams on hold. He soon found that surviving cancer was the easy part. At the age of twenty, Hall began experiencing the exhilarating highs and terrifying lows of bipolar disorder—along with delusions that could make his reality seem like a waking nightmare. And in what could have been a final blow, after four years of struggling to provide love and support, his soul mate chose self-preservation and walked away. Now a renowned Olympic and America's Cup sailor with a wonderful wife and family, Hall shares a behind-the-scenes look at his struggles with mental illness in the riveting memoir *Black Sails White Rabbits*. In the face of crushing ups and downs, hospitalizations, and family drama, Hall has learned to weather the ever-changing tide of health struggles and personal woes, achieving success despite seemingly impossible odds. A courageous look at a life filled with overwhelming challenges, this frank and fierce memoir also contains a surprising love story at its core, a tribute to the woman by his side. "This is a compelling and extraordinary book about a life of extremes. Of mental pain and sporting triumph, of acute despair and a determination to achieve what others take for granted: a settled family life with a wife and children who love him. It's a jagged ride, funny, romantic and agonizing. *Black Sails White Rabbits* is essential for what it says about mental illness and how crudely we still treat it. And like all the best art, it's honesty is cathartic." - Philip Delves Broughton, New York Times Bestselling author of *Ahead of the Curve: Two Years at Harvard Business School* and *The Art of*

the Sale "A devastatingly honest account of being bipolar, told with amazing insight, great feeling and unbelievable humor." - Kendall Hailey, author of *The Day I Became An Autodidact* "Kevin Hall has an extraordinary life and his book leads us through it in a bracingly honest and intimate way. Moving, sad and humorous, *Black Sails White Rabbits* should be required reading for all mental health professionals but will be enjoyed by anyone interested in human struggle and perseverance; the book tackles questions of identity that confront us all." - Joel Gold, M.D. author of *Suspicious Minds: How Culture Shapes Madness* Clinical Associate Professor, Department of Psychiatry NYU School of Medicine "This is simply the best book about competitive sailing I have ever read." - Nathaniel Philbrick, author of *In the Heart of the Sea* and *Why Read Moby-Dick*

It's not easy being a rabbit nowadays. Carrots are hard to find, traffic is dangerous, and big rabbit-chasing dogs are plentiful! Where can a rabbit go to escape the chaos of modern life? For three hassled hares, there's just one solution—they're heading to Mars! On Mars there's no traffic, there are fields of giant carrots, and the dogs are all rabbit-friendly. But is too much of a good thing, just too much?

Introduces domestic cats and describes how pet cats live.

A number of cuddly bunnies allow youngsters to learn about one of their favorite animals.

P.J. Funnybunny doesn't want to be a bunny anymore! In this hilarious story, a young bunny explores life with different animal friends. This bunny-rific tale of self-discovery is now available in a simplified board book perfect for the littlest hands—and with a festive, sparkly cover, it makes the perfect gift to fill any Easter basket. P.J. Funnybunny is tired of cooked carrots and his big ears. It would be way more fun to be a bear, a bird, or a pig...right? Read along as P.J. leaves home and tries to determine who he is—and where he belongs. But this bunny might just learn that all he wants to be is...himself! This sturdy board book adaptation,

with text abridged from the beloved Dr. Seuss Beginner Book, makes a fun-filled read aloud for babies and toddlers!

Author Alicia Ezpeleta explores the surprisingly complex lore and mystique surrounding rabbits, beginning with a brief introduction placing the animals in cultural, artistic, and popular context, followed by a look at the often contradictory symbolism surrounding them. ONE learns, for example, that during the Middle Ages the creatures were both feared as harbingers of evil and revered as symbols of fertility. The author then presents an amazingly diverse array of rabbits in art - from pastoral to literary to delightfully decorative. SHE closes with an overview of rabbits in the world of children, represented in everything from carousels to toys to beloved children's books. THE 146 illustrations, 82 of them in color, include all the great hares of history: from the seasonal Easter Bunny and the March Hare, to the clever and inquisitive Br'er Rabbit of folklore and the mischievous Peter Rabbit of children's tales, to the manic Roger Rabbit of the silver screen and that classic cartoon wise guy, Bugs Bunny. AMong the many images are Egyptian hieroglyphics and Roman coins, medieval manuscripts and Renaissance watercolors, modern paintings and sculpture, tapestries and quilts, jewelry, decorative objects, and much more. A Selected bibliography and index complete this appealing book, a must for rabbit fanciers everywhere.

One by one, as they walk down the road, seven little rabbits get tired and find a place to sleep.

For fans of *Too Many Carrots*, this hilarious picture book follows a rabbit who's in for a big surprise—it's no longer an only child! Rabbit loves having everything—its flower, carrots, and stretching area—to itself. But then one day Rabbit's parents have BIG news . . . Rabbit now has siblings! Thankfully, the fox next door loves having rabbits around. Maybe she can help? In the tradition of books like *Wolfie the Bunny*, author-illustrator—and sister to MANY siblings—Lorna Scobie crafts a gleeful picture book in *Rabbit! Rabbit! Rabbit!* that tackles the evergreen dilemma of older si-

blings who must learn to share and give up solitude in exchange for the love and warmth of siblinghood. Which, as it turns out, is actually fantastic.

Story time for little ones has never been this exciting! When a friendly monster spots a group of bunnies in the woods, his delight is contagious. And when they're gone, how he misses them. With bright illustrations and a simple text, this is the most fun type of read-aloud and one that mirrors most every toddler's emotional life. "A diplomatic exploration of loving not wisely, but too well." —Publishers Weekly "The madcap action that will have [children] laughing with delight and asking for the book again." —School Library Journal *Bunnies!!!*, by Tickle Monster illustrator Kevan Atteberry, is perfect for fans of Mo Willems and Sandra Boynton.

A concise guide to the care of small mammals, *Ferrets, Rabbits, and Rodents: Clinical Medicine and Surgery* covers the conditions seen most often in veterinary practice. The book emphasizes preventive medicine along with topics including disease management, ophthalmology, dentistry, and zoonosis. More than 400 illustrations demonstrate key concepts related to radiographic interpretation, relevant anatomy, and diagnostic, surgical, and therapeutic techniques. Now in full color, this edition adds coverage of more surgical procedures and expands coverage of zoonotic disease. From editors Katherine Quesenberry and James W. Carpenter, along with a team of expert contributors, the "Pink Book" provides an authoritative, single source of information that is hard to find elsewhere. A logical organization makes it quick and easy to find important information, with each section devoted to a single animal and chapters within each section organized by body system. Over 400 photographs and illustrations highlight key concepts such as radiographic interpretation and the main points of diagnostic, surgical, and therapeutic techniques. A chapter on ophthalmology provides hard-to-find information on eye care for ferrets, rabbits, rodents, and other small mammals. Coverage of preventive medicine includes basic biology, husbandry, and routine care of the healthy animal. The drug formulary supplies dosage instructions for ferrets, rabbits, guinea pigs, chinchillas, hamsters, rats/mice, prairie dogs, hedgehogs, and sugar gliders. Chapter outlines offer at-a-glance overviews of the contents of each chapter. Handy tables and charts make it easy to find key information. Expanded Zoonotic Diseases chapter adds more depth along with the latest information on the rising potential for disease transmission to humans as exotic pets become

more popular. Additional surgical procedures for each species are included, some with step-by-step instructions accompanied by color photographs and line drawings. Full-color images show the sometimes minute structures of these small animals and make accurate diagnoses easier, especially for lymphoproliferative diseases of rabbits, endoscopy, cytology, and hematology.

A stunning reissue of this classic picture book. When the Queen steals Emily Brown's favourite toy and erstwhile companion, a toy rabbit called Stanley, Emily sets out to get him back and teach that naughty queen a valuable lesson Winner of the 2006 Nestle Gold Award, chosen for the Richard & Judy Christmas book party, a Bookaboo Book Club book as seen on CITV and read by Amanda Holden. 'Charming, funny and gets my vote as the best picture book of the year.' - Financial Times Written by Cressida Cowell, the bestselling author of the *How to Train Your Dragon* series. <http://www.cressidacowell.co.uk/> Illustrated by award winning Neal Layton, creator of Stanley's Stick. <http://www.neallayton.co.uk>

They're very good at hopping, and not so good at stopping! You've got front-row seats to the cutest revue in town—hop on down to The Bunny Rabbit Show! The latest addition to Sandra Boynton's phenomenal bestselling *Boynton on Board* series, this book stars a cast of high-kicking bunnies performing in perfect unison to a lively song all about . . . them. We are ten terrific rabbits And we like to dance and sing. Ten terrific rabbits. We can do most anything. Bunnies are very welcoming, so everyone (Boynton's pigs, sheep, chickens, and YOU) can come join the chorus line—bunny ears mandatory, of course. An exuberant original song by Sandra Boynton and Mike Ford is available for download.

As Robert goes about his daily activities during April, he encounters an ever-increasing number of rabbits.

The country bunny attains the exalted position of Easter Bunny in spite of her responsibilities as the mother of twenty-one children.

Here are the woods. The woods are home to three foxes on a hunt for rabbits. Three foxes that don't realize someone might be following them... From the author of *The Cave*, this is a fantastically funny cat-and-mouse (or fox-and-rabbit) story with a not-so-fluffy twist. The foxes follow some helpful signs over the tallest trees, under the carrot fields, and through the pumpkin patch, but there's no sign of any rabbits. What on earth has happened to them? And

why are there strange eyes following them from the trees? Children will love outwitting the foxes—who continually say, "No rabbits here"—by spotting the rabbits in each colorful illustration.

Each day of April brings young Robert rabbits equal in number to the day's date and each day's batch is wackier in dress and behavior than the previous day's.

Don't Miss the Original Series Tom Clancy's Jack Ryan Starring John Krasinski! Tom Clancy reveals the details of Jack Ryan's first days with the CIA in this #1 New York Times bestseller. It's the early 1980s—and historian, teacher, and recent ex-Marine Jack Ryan is now a CIA officer on loan to the British SIS. On his very first day, an extraordinary document crosses his desk. Because of government repression in Poland, the new Pope, John Paul II, has threatened to resign his papacy. In Moscow, another man is contemplating the very same document. Yuriy Andropov, the chairman of the KGB, does not like what he reads, does not like what it means for him or for his nation. All it takes is one man to cause everything he has worked for to crumble. All it takes is one man to stop him. The Pope is very powerful, but he is also mortal....

As Noah looks in every room on the ark for space for two rabbits to stay, flaps lift to reveal the hiding places of the ark's passengers.

Revered as a symbol of fertility, sexuality, purity and childhood, beloved as a children's pet and widely represented in the myths, art and collectibles of almost every culture, the rabbit is one of the most popular animals known to humans. Ironically, it has also been one of the most misunderstood and abused. Indeed, the rabbit is the only animal that our culture adores as a pet, idolizes as a storybook hero and slaughters for commercial purposes. *Stories Rabbits Tell* takes a comprehensive look at the rabbit as a wild animal, ancient symbol, pop culture icon, commercial "product" and domestic.

Where is Easter? asked the little bunny eagerly. But the old owl had dozed off to sleep again in the sun. It must be some place East, thought the bunny and he set off searching. A lonely bunny goes hunting for Easter, where he hopes to find other bunnies. His search takes him through summer, fall, and winter, but only in spring does he find what he's been looking for all along. This special gift edition includes a striking new cover and gorgeous endpaper images. Humorous, heartwarming, and sweet, this modern take on an old classic is the perfect story to hop into on Easter.

Baby rabbits are born in a burrow and they

depend on their mother for nourishment and warmth. Follow the life of a rabbit from birth until it's time to go out on its own. There's a lot more to these cuddly creatures than just being adorable! Sure, they have fluffy coats and wiggly noses, but rabbits also have remarkable instincts which they need in order to detect and then escape from their enemies. They can see better in the dark than people. By thumping their powerful hind legs, they can warn one another that danger is near. With colorful illustrations, diagrams, and unusual facts, award-winning science author Gail Gibbons shows young readers that there is much more to these cuddly creatures than meets the eye. The book includes instructions for caring for pet rabbits.

Preschoolers are encouraged to find the bunny amidst a collection of other items on the page. On board pages.

From Caldecott Honor winner Leo Lionni, this is the perfect "tail" for bunny fans everywhere! A tale of two rabbits that celebrates creativity and crafting, from four-time Caldecott Honor winner Leo Lionni. "Let's, make rabbits," say the scissors to the pencil, and, before the reader's eyes, two rabbits appear—one drawn by the pencil, the other cut from brightly patterned paper by the scissors. When the rabbits are hungry, the scissors and the pencil provide paper carrots. But one day the taste of a real carrot leads to a magical surprise. Readers will delight in this imaginative tale from four-time Caldecott Honor Winner

Leo Lionni.

A deadly underground game might just be altering reality itself in this all-new adventure set in the world of the hit Rabbits podcast. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WALL STREET JOURNAL • "A wild ride . . . impossible to put down."—Publishers Weekly (starred review) It's an average work day. You've been wrapped up in a task, and you check the clock when you come up for air—4:44 p.m. You check your email, and 44 unread messages have built up. With a shock, you realize the date is April 4—4/4. And when you get in your car to drive home, your odometer reads 44,444. Coincidence? Or have you just seen the edge of a rabbit hole? Rabbits is a mysterious alternate reality game so vast it uses the entire world as its canvas. Since the game started in 1959, ten iterations have appeared and nine winners have been declared. The identities of these winners are unknown. So is their reward, which is whispered to be NSA or CIA recruitment, vast wealth, immortality, or perhaps even the key to the secrets of the universe itself. But the deeper you get, the more dangerous the game becomes. Players have died in the past—and

the body count is rising. And now the eleventh round is about to begin. Enter K—a Rabbits obsessive who has been trying to find a way into the game for years. That path opens when K is approached by billionaire Alan Scarpio, rumored to be the winner of the sixth iteration. Scarpio says that something has gone wrong with the game and that K needs to fix it before Eleven starts, or the whole world will pay the price. Five days later, Scarpio is declared missing. Two weeks after that, K blows the deadline: Eleven begins. And suddenly, the fate of the entire universe is at stake.

Follow Margaret Wise Brown's furry, lovable bunny on his springtime journey to find a home in this Little Golden Book classic! Generations of children have followed this adorable bunny in this classic story from the author of Goodnight Moon. A family favorite since 1956, Margaret Wise Brown's simple yet playful tale is brought to life by Garth Williams's exquisite artwork.

One worm, two toucans, three bears—play and count with Gray Rabbit. Young children will enjoy following Alan Baker's inquisitive LITTLE RABBITS as they make new discoveries. Simple storylines and playful artwork offer a fresh approach to learning early concepts.
