From the author of bestselling *Invisible Man*—the classic novel of African-American experience—this long-awaited second novel tells an evocative tale of a prodigal of the twentieth century. Brilliantly crafted, moving, and wise, *Juneteenth* is the work of an American master. "Tell me what happened while there's still time," demands the dying Senator Adam Sunraider to the itinerate preacher whom he calls Daddy Hickman. As a young man, Sunraider was Bliss, an orphan taken in by Hickman and raised to be a preacher like himself. Bliss's history encompasses the joys of young southern boyhood; bucolic days as a filmmaker, lovemaking in a field in the Oklahoma sun. And behind it all lies a mystery: how did this chosen child become the man who would deny everything to achieve his goals? Here is the master of American vernacular at the height of his powers, evoking the rhythms of jazz and gospel and ordinary speech. "An extraordinary book, a work of staggering virtuosity. With its publication, a giant world of literature has just grown twice as tall." —Newsday

With the same intellectual incisiveness and supple, stylish prose he brought to his classic novel *Invisible Man*, Ralph Ellison examines his antecedents and in so doing illuminates the literature, music, and culture of both black and white America. His range is virtuosic, encompassing Mark Twain and Richard Wright, Mahalia Jackson and Charlie Parker, *The Birth of a Nation* and the Dante-esque landscape of Harlem—"the scene and symbol of the Negro's perpetual alienation in the land of his birth." Throughout, he gives us what amounts to an episodic autobiography that traces his formation as a writer as well as the genesis of *Invisible Man*. On every page, Ellison reveals his idiosyncratic and often contrarian brilliance, his insistence on refuting both black and white stereotypes of what an African American writer should say or be. The result is a book that continues to instruct, delight, and occasionally outrage readers thirty years after it was first published.

A hurricane is building over the Gulf of Mexico, threatening the coastal town of Bois Sauvage, Mississippi, and Esch's father is growing concerned. He's a hard drinker, largely absent, and it isn't often he worries about the family. Esch and her three brothers are stocking up on food, but there isn't much to save. Lately, Esch can't keep down what food she gets; at fifteen, she has just realized that she's pregnant. Her brother Skeetah is sneaking scraps for his prized pit bull's new litter, dying one by one. Meanwhile, brothers Randall and Junior try to stake their claim in a family long on child's play and short on parenting. As the twelve days that make up the novel's framework yield to a dramatic conclusion, this unforgettable family - motherless children sacrificing for one another as they can, protecting and nurturing where love is scarce - pulls itself up to face another day.

Describing the silliness and 'feminine fatuity' of many popular books by lady novelists, George Eliot perfectly skewers the formulaic yet bestselling works that dominated her time, with their loveably flawed heroines. She also examines the great women writers of France and their enrichment of the culture, and the varying qualities of literary translations. GREAT IDEAS. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

When a meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear—England is under attack. Robyn Schneider's *The Beginning of Everything* is a witty and heart-wrenching teen novel that will appeal to fans of books by John Green and Ned Vizzini, novels such as *The Perks of Being a Wallflower*, and classics like *The Great Gatsby* and *The Catcher in the Rye*. Varsity tennis captain Ezra Faulkner was supposed to be homecoming king, but that was before—before his girlfriend cheated on him, before a car accident shattered his leg, and before he fell in love with unpredictable new girl Cassidy Thorpe. As Kirkus said in a starred review, "Schneider takes familiar stereotypes and infuses them with plenty of depth. Here are teens who could easily trade barbs and double entendres with the characters that fill John Green's novels." Funny, smart, and including everything from flash mobs to

blanket forts to a poodle who just might be the reincarnation of Jay Gatsby, *The Beginning of Everything* is a refreshing contemporary twist on the classic coming-of-age novel—a heart-wrenching story about how difficult it is to play the part that people expect, and how new beginnings can stem from abrupt and tragic endings.

When Tom's crab boat capsized and his body wasn't recovered, Piper, rocked to the core, did a most peculiar thing: carried on as if her husband was not only still alive, but right there beside her, cooking him breakfast, walking him to the docks each morning, meeting him for their standard Friday night dinner date at the One-Eyed Crab. And what were the townspeople to do but go along with their beloved widowed Piper? Anders Caldwell's career is not going well. A young ambitious journalist, he'd rather hoped he'd be a national award-winning podcaster by now, rather than writing fluff pieces for a small town newspaper. Gina Frangello tells the morally complex story of her adulterous relationship with a lover and her shortcomings as a mother, and in doing so, highlights the forces that shaped, silenced, and shamed her: everyday misogyny, puritanical expectations regarding female sexuality and maternal sacrifice, and male oppression." —Adrienne Brodeur, author of *Wild Game* Gina Frangello spent her early adulthood trying to outrun a youth marked by poverty and violence. Now a long-married wife and devoted mother, the better life she carefully built is emotionally upended by the death of her closest friend. Soon, awakened to fault lines in her troubled marriage, Frangello is caught up in a recklessly passionate affair, leading a double life while continuing to project the image of the perfect family. When her secrets are finally uncovered, both her home and her identity will implode, testing the limits of desire, responsibility, love, and forgiveness. *Blow Your House Down* is a powerful testimony about the ways our culture seeks to cage women in traditional narratives of self-sacrifice and erasure. Frangello uses her personal story to examine the place of women in contemporary society: the violence they experience, the rage they suppress, the ways their bodies often reveal what they cannot say aloud, and finally, what it means to transgress "being good" in order to reclaim your own life. *The Invisible Man* is a science fiction novella. The *Invisible Man* of the title is Griffin, a scientist who has devoted himself to research into optics and invents a way to change a body's refractive index to that of air so that it absorbs and reflects no light and thus becomes invisible. This absorbing collection of letters spans a decade in the lifelong friendship of two remarkable writers who engaged the subjects of literature, race, and identity with deep clarity and passion. The correspondence begins in 1950 when Ellison is living in New York City, hard at work on his enduring masterpiece, *Invisible Man*, and Murray is a professor at Tuskegee Institute in Alabama. Mirroring a jam session in which two jazz musicians "trade twelves"—each improvising twelve bars of music around the same musical idea—their lively dialog centers upon their respective writing, the jazz they both love so well, on travel, family, the work literary contemporaries (including Richard Wright, James Baldwin, William Faulkner and Ernest Hemingway) and the challenge of racial inclusiveness that they wish to pose to America through their craft. Infused with warmth, humor, and great erudition, *Trading Twelves* offers a glimpse into literary history in the making—and into a powerful and enduring friendship.

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to

come along in recent fiction, *Infinite Jest* explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, *Infinite Jest* bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. Defeated and embittered by a country which treats him as a non-being, the 'invisible man' retreats into an underground cell, where he smokes, drinks, listens to jazz and recounts his search for identity in white society: as an optimistic student in the Deep South, in the north with the black activist group the Brotherhood, and in the Harlem race riots. A *New York Times* Bestseller An unflinching account of what it means to be a young black man in America today, and how the existing script for black manhood is being rewritten in one of the most fascinating periods of American history. How do you learn to be a black man in America? For young black men today, it means coming of age during the presidency of Barack Obama. It means witnessing the deaths of Oscar Grant, Trayvon Martin, Michael Brown, Akai Gurley, and too many more. It means celebrating powerful moments of black self-determination for LeBron James, Dave Chappelle, and Frank Ocean. In *Invisible Man*, *Got the Whole World Watching*, Mychal Denzel Smith chronicles his own personal and political education during these tumultuous years, describing his efforts to come into his own in a world that denied his humanity. Smith unapologetically upends reigning assumptions about black masculinity, rewriting the script for black manhood so that depression and anxiety aren't considered taboo, and feminism and LGBTQ rights become part of the fight. The questions Smith asks in this book are urgent—for him, for the martyrs and the tokens, and for the Trayvons that could have been and are still waiting.
