The Manga Guide To Regression Analysis: Takahashi, Shin ...

Overview. Like a lot of people, Miu has had trouble learning regression analysis. But with new motivation—in the form of a handsome but shy customer—and the help of her brilliant café coworker Risa, she's determined to master it. Follow along with Miu and Risa in The Manga Guide to Regression Analysis as they calculate the effect of temperature on iced tea orders, predict bakery revenues, and work out the probability of cake sales with simple, multiple, and logistic regression analysis.

The Manga Guide to Regression Analysis looked like an enjoyable way for me to try manga and perhaps find a book to recommend those whose love of math does not match mine. The Preface says that the intended audience is “statistics and math students who may be having difficulty grasping regression analysis, or anyone wanting to get started with statistical predictions or probabilities”.
