Of late I came across a book of wonderful, refreshing and enlightening ideas called "The Phoenix Solution", secrets of a lost civilisation, written by Alan Alford. It is obvious to me that an enormous amount of qualified research must have gone into this complex work and it is beautifully presented.

In Secrets of the Phoenix, a 5-reel, 3-row, 25-payline video slot from Gamesys, one witnesses the symbols on the reels being destroyed and reconstructed in an ancient temple site, over and over, with fiery trails tracing your wins, only to have your winning combinations themselves turn to ashes, replaced quickly with new chances to rise victorious, descending from above. This is the nature of the hypnotic Raining Reels mechanic, which give you additional chances for wins on a single spin.
