## GH2BAS - YAMILET RYAN

"The power of Babel" describes initiatives for promoting linguistic and cultural diversity in the classroom. It brings together practical teaching suggestions, case studies of good practice and information resources, which have all been tried and tested by primary teachers attending in service courses on 'meeting the needs of bilingual learners' at the University of Reading.

Power of Babel is our go-to for multilingual solutions. They have a team of experts who are always willing to guide us through the language versioning process. Power of Babel's dedication to customer service and flexibility is why they are always our first choice. Stuart Steinberg, Owner, Key West Video

The people who built the tower of Babel were driven by fundamental human concerns. They preferred settlement to the uncertainties of dispersion, uniformity to diversity, fame and power to obscurity and weakness. But in the account in Gen 11:1-9, God denies their preferences. At the center of the story is humanity's transition from speaking one language and living in one location to speaking several languages and living in multiple locations across the world.

*Tower of Babel | Story, Summary, Meaning, & Facts | Britannica*

John McWhorter's The Power of Babel fits precisely into this definition of a good book. McWhorter's main argument is that languages have been in a constant evolutionary flux since the first humans began speaking approximately 150,000 years ago.

*The Power of Babel - HarperCollins*

The Power of Babel absorbs and uses everything from evolutionary theory to Monopoly and soap operas to offer a dynamic story of language which originally "split into thousands of branches that each have evolved in part to maintain what is necessary to communication but in equal part have evolved just because various semantic spaces, perceivable to and processible by human cognition but non-essential to the needs of speech, were 'there' to be evolved into". For McWhorter, languages do not
