The Saga of the Volsungs CHAPTER I. Of Sigi, the Son of Odin. Here begins the tale, and tells of a man who was named Sigi, and called of men the son of Odin; another man withal is told of in the tale, hight Skadi, a great man and mighty of his hands; yet was Sigi the mightier and the higher of kin, according to the speech of men of that time.

The Saga of the Volsungs, in my opinion, is a good way to see what the Vikings believed. Although, the Vikings were many things in their time such as; repulsive, violent, honorable, and had great strength. The Vikings made a big impact on the

world of history and most of their values still exist today. One of the Viking values is vengeance.
