Description of the book "Unbalanced: The Codependency of America and China": The modern-day Chinese and U.S. economies have been locked in an uncomfortable embrace since the late 1970s. Although the relationship was built on a set of mutual benefits, in recent years it has taken on the trappings of an unstable co-dependence.

What can America do to turn its own economic fate around and position itself for a healthy economic and political relationship with China? Unbalanced: The Codependency of America and China | Asia Society

#### Unbalanced The Codependency Of America

In Unbalanced: The Codependency of America and China Stephen Roach, senior fellow at Yale University and former chairman of Morgan Stanley Asia, lays bare the pitfalls of the current China-U.S. economic relationship. He highlights the conflicts at the center of current tensions, including disputes over trade policies and intellectual property rights, sharp contrasts in leadership styles, the role of the Internet, the recent dispute over cyberhacking, and more.

Codependency frames America's choices in a stark light. Like China, it needs to set aside the false assumptions of a now antiquated recipe for growth, and it must embrace rebalancing. A rebalanced U.S. economy, one that saves more and draws much greater support from capital spending and exports, will be well positioned to sustain growth in ...
