Venture capital is a form of private equity and a type of financing that investors provide to startup companies and small businesses that are believed to have long-term growth potential. Ideally, investors should seek out venture capital firms that have a high percentage of successful investments and at least several lucrative exits to point to. Even one is not enough. This is why venture capital investing is

not available to the average investor. But for wealthy individuals and organizations, it holds the potential to produce ... [Venture Capital Vs Business Loans: A Beginner's Guide to ...](#)

To secure venture capital, whether you need a couple million dollars or many millions of dollars, you have to give up a lot of equity and control in your business. Venture capital is not a lifeline, a grant, or a charitable contribution.

Why venture capital is a "people business," not a finance business. Why obsessiveness is a more important than expertise for founders. Why not all startups should seek funding.
