How could this be happening to me? I wondered...as I began to tremble...and to weep tears of love and joy. "My daughter...I am your Lord, and I want to talk to you. I am going to visit you many times before this work is done." "The impact of His voice, His words, His message hit me with a supernatural force..." Excerpt from Visions of Heaven and Hell: What Men and Women Claim to Have Seen, in the World Beyond What the inspiring cause of the experiences related in this book was, is a matter we cannot determine for the reader. But we are inclined to believe that what these people claim to have seen and heard was re-

vealed to their inner or spirit consciousness by God, or by other spirit or angelic intelligences from a sphere higher than that of Earth. All who read these accounts with candor must be deeply impressed with their solemnity. What a hallowed, quickening influence comes to the soul while perusing the narrators' testimony of what they saw and heard of the beauties of Heaven and its happy, glorious inhabitants and what sadness and awe fall upon the heart when reading of the terrors of Hell and the anguish of the unfortunates consigned to its gloom. "I wonder if the reverse is not also in some way true. That the artist is constantly working on an elaborate and fantastically self-portrait, but at the end has drawn, unbeknownst, a picture of the world." -- Clive Barker, "Private Legends: An Introduction" Clive Barker, award-winning and New York Times bestselling author, playwright, artist, producer, director, screenwriter, and one of the world's master storytellers, writing in the haunting and moving traditions of Poe and Dickens, invites us to join him on a dazzling, wondrous journey through the worlds of his imagination and to experience visions, dreams, love, terror, heaven and hell, and revenge. As we read, we discover and explore the dream-sea Quiddity and the islands of Ephemeris; the five Dominions of the Imajica, of which the Earth is but an imperfect facet; the rapturous world woven into an ancient, threadbare carpet in a derelict house in Liverpool; Hood's Holiday House where each day contains four seasons and children's wishes may come true; the Sky Room of Galilee, where the creation of the universe may be witnessed; and the clubs and bars of San Francisco and New York, in which all manner of sexual adventures lie in wait. In these stories, the real and the miraculous are within a breath of one another, life gives way to death, and death to life; doorways open into other states of existence, and each doorway leads us back to our own dreams and fears. The Essential Clive Barker is an irresistible narrative compendium that superbly represents the impressive quality and range of Barker's fiction, spanning more than twenty years of writing. It contains more than seventy excerpts from novels and plays and four full-length short stories, all personally selected by Bark-

er, and offers a privileged insight into a remarkable writer and his art.

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Relates the visions of heaven and hell narrated in the book "Scenes from the Grave" written by a nineteenth century woman, as well as providing narratives of believers who were influenced by the writings, in a text with quotes from the original work.

In *Opening the Gates of Heaven*, Perry Stone shows you how to release the flow of heaven's blessing through both God's revelation and the intervention of angelic messengers.

Have you ever wondered what heaven will really be like? This is the answer as close as any human can come-because it's in God's Word-The Holy Bible! This book is a compilation of several individuals' envisions of what their home in eternity will look like. The Bible says that human eyes have not seen, nor ears heard, nor entered into the hearts of man, what God has prepared for those who love Him. I have asked people from all walks of life, who have faith in God, in salvation through Jesus, and in eternity with God, to tell me, in their own words, what they imagine their personal "Dwelling Place" will be like for them! I believe that when God created us, He gave us an unlimited imagination. Their story may be humorous, serious, combined, seem like fantasy or whatever. We and our visions are not limited by the restraints of society. God has an unlimited and infinite imagination. We know that from the boundless beauty and diversity of creation. He gave us a portion of that imagination to use. We use it for various forms of art, science, and creativity. King Solomon says, "As a man thinks, so he is." Let us think with imagination and positiveness! I imagined this book to be a wonderful story of how we can all get together and show the world that God, in His wisdom, gave us different ideas about His Word and how we can share in a common vision that is as varied as the sands of the seas, and the stars in the heavens that we will one day occupy! It is my prayer that you will truly allow your own imagination to 'run wild' and see that to taste heaven is truly awesome! To taste and see that the Lord is good! We can only imagine!

Beggars...Outcasts...Homeless Such were the forgotten, uneducated children in China when the Spirit of God fell upon their humble orphanage, the Adullam Home. The boys spent days in powerful meetings, praying and praising God. Under the anointing of the Holy Spirit, they prophesied, saw visions, and discovered: Angels...how they operate and protect us Unbelievers...and their fate Heavenly occupations...what our jobs will be Paradise...revealed through the eyes of children The throne of God...experiencing true worship Death...what happens when we die Demons...and their evil works This mighty outpouring was a fulfillment of God's promise: "And it shall come to pass in the last days, saith God, I

will pour out of My Spirit upon all flesh: and your sons and your daughters shall prophesy, and your young men shall see visions." Acts 2:17

Dante Alighieri (1265-1321) is one of the greatest European writers, whose untrammelled imaginative capacity was matched by a huge base in embracing the science of his era. His texts also paint compelling visual images. In *Visions of Heaven*, renowned scholar Martin Kemp investigates Dante's supreme vision of divine light and its implications for the visual artists who were the inheritors of Dante's vision. The whole book may be regarded as a new Paragone (comparison), the debate that began in the Renaissance about which of the arts is superior. Dante's ravishing accounts of divine light set painters the severest challenge, which took them centuries to meet. A major theme running through Dante's *Divine Comedy*, particularly in its third book, the *Paradiso*, centres on Dante's acts of seeing (conducted according to optical rules with respect to the kind of visual experience that can be accomplished on earth) and the overwhelming of Dante's earthly senses by heavenly light, which does not obey his rules of earthly optics. The repeated blinding of Dante by excessive light sets the tone for artists' portrayal of unseeable brightness.

During a period of about three years, Rebecca Springer lingered between life and death. While on her death bed, she had an out-of-body experience. She also saw visions of paradise, the abode of righteous souls in Christ. "Visions Of Heaven" is a fresh, edited version of her famous book. Through her visions, we are given a glimpse of heavenly things. We learn about our loved ones who have passed into paradise, the beautiful mansions, the love of Jesus for children, the rivers, the lakes, and the harmony there. Most of all, we learn that the focus of heaven is Jesus, the King of kings and the Lord of Lords. If you know someone who has lost a loved one, this book is a "must" read.

When evil persons have gone in a life of sin, and find that they have reason to fear the just judgment of God, they begin at first to wish there were no God to punish them. Then little by little they persuade themselves that there is no God, and look for arguments to back their opinion. John Bunyan's Visions of Heaven & Hell is a true story, not an allegory or fictional book. In it he describes how he almost succumbed to the indoctrination of an atheist, but for the intervention of Divine Love. John was conducted to Heaven to see the glories of what should be the inheritance of all who put their faith in Jesus Christ. From Heaven, John was transported to Hell to witness the eternal torments of damned souls. The conversations he had with lost souls in Hell, including a notable atheist, are all described in Visions of Heaven & Hell—Where Will You Spend Eternity?

Visions Of Heaven And Hell is a message of meditation based on the Bible and written by John Bunyan (November 30, 1628 - August 31, 1688) was an English writer and Puritan preacher best remembered as the author of the Christian allegory The Pilgrim's Progress. In addition to The Pilgrim's Progress, Bunyan wrote nearly sixty titles, many of them expanded sermons. Bunyan came from the village of Elstow, near Bedford. He had some schooling and at the age of sixteen joined the Parliamentary Army during

the first stage of the English Civil War. After three years in the army he returned to Elstow and took up the trade of tinker, which he had learned from his father. He became interested in religion after his marriage, attending first the parish church and then joining the Bedford Meeting, a nonconformist group in Bedford, and becoming a preacher. After the restoration of the monarch, when the freedom of nonconformists was curtailed, Bunyan was arrested and spent the next twelve years in jail as he refused to give up preaching. During this time he wrote a spiritual autobiography, *Grace Abounding to the Chief of Sinners*, and began work on his most famous book, *The Pilgrim's Progress*, which was not published until some years after his release. Bunyan's later years, in spite of another shorter term of imprisonment, were spent in relative comfort as a popular author and preacher, and pastor of the Bedford Meeting. He died aged 59 after falling ill on a journey to London and is buried in Bunhill Fields. *The Pilgrim's Progress* became one of the most published books in the English language; 1,300 editions having been printed by 1938, 250 years after the author's death. He is remembered in the Church of England with a Lesser Festival on 30 August, and on the liturgical calendar of the United States Episcopal Church on 29 August. Some other churches of the Anglican Communion, such as the Anglican Church of Australia, honour him on the day of his death (31 August).

Bob and Penny Lord have gone to Europe to research the lives of eminent saints and blessed, focusing on visions of heaven, hell, and purgatory and presenting a case for the reality of these teachings of the Catholic Church.

This book is a collection of 15 visions of the Heavenly Sanctuary recorded in scripture from Psalms through the Book of Hebrews. The visions John saw inside the Sanctuary and recorded in Revelation are too long to include in this book and will be released in another volume in this series. The Tabernacle was a model of God's Sanctuary in Heaven, but lessons should not end there. The Tabernacle was made up of a number of symbols telling the story of God's plan of salvation, the role Jesus played in that plan, as well as the role of angels, and our part in that plan. For the most part, that plan had been obscured, ignored, and rewritten by scholars with dim views of God's plan. God invited some of His most reliable prophets into His Heavenly Sanctuary and told them to record the visions they saw. Why? The answer should be simple. God gave this world a view of His Sanctuary in Heaven when

those visions were needed most. It's no secret, this world has been trying to rearrange God's plan of salvation ever since one brother killed the other because of a disagreement over a simple offering system God introduced. One simple command was followed by Able, and modified by Cain. That one offering was only the beginning of a long series of symbols designed to tell the world about the ultimate sacrifice of God's one and only Son. Instead of accepting those symbols in the simple form given, this world developed the habit of modifying every word from God's throne. Why? Like Cain, someone will always develop of an easier way, thinking they are serving God by introducing a few innocent changes. No one has any clue how those changes can and will effect the destiny of this world. None of those changes will ever upset or alter God's original plan, but we have no idea how those alterations effect the outcome of millions of people on judgment day. The visions prophets witnessed and recorded in Heaven reflect turning points in earth's history, away from popular conceptions developed over generations, back to God's original plan. Each vision showed those prophets what will happen, and why. In other words, those visions are written proof showing how the Lord's plans are in motion, and no earthly power will delay their fulfillment. Every prophecy and vision will be fulfilled on time, and in perfect order.

Ellen White's choicest writings about heaven and the Second Coming Some of Ellen White's earliest visions contained bright glimpses of heaven and the earth made new. When she came out of vision, this world seemed dark and lonely compared with the brilliant beauty of the world to come which she had seen so vividly. And she often struggled to find the words to describe what she had been shown in vision. This brand-new compilation for the Christian Home Library gathers the choicest statements and descriptions she has given through the years of heaven--the future home of the redeemed. Here you will find not only descriptions of the glories that await, but insights into the activities of the redeemed, the certainty of Jesus' coming to take us home, the end of evil, and how heaven can begin in our lives even now. This book will make you homesick for a home you haven't been to--yet. Also available in Spanish.

There's an ethereal magic to standing beneath a dome, neck craned, looking up at a vision of the heavens created by some long-ago figure of genius. From the Pantheon to the Hagia Sophia,

the power of the dome seems transcendent. Photographer David Stephenson's magnificently kaleidoscopic images of dome interiors capture this evanescent drama, and make *Visions of Heaven* one of the most spectacularly beautiful books we've ever produced. Traveling from Italy to Spain, Turkey, England, Germany, and Russia, among other countries, and photographing churches, palaces, mosques, and synagogues from the second to the early twentieth century, Stephenson's work amounts to a veritable typology of the cupola. His images present complex geometrical structures, rich stucco decorations, and elaborate paintings as they have never been seen before. Brilliantly calibrated exposures reveal details and colors that would otherwise remain hidden in these dimly lit spaces. *Visions of Heaven* shows more than 120 images, including the Roman Pantheon, the Byzantine churches of Turkey, the great domes of the Renaissance, the decorative cupolas of the Baroque and the Rococo ages, and a nineteenth-century synagogue in Hungary.

Warnings from Heaven was written to open one of God's windows into the future and reveal to humanity things to come. It serves to encourage and help in preparing people and nations for the coming of the Lord Jesus. Visions of heaven, hell, and national conflicts are disclosed as warnings to humanity for what awaits those who reject the Lord Jesus. It is not the will of God that any should perish but that all should come to repentance. Time's clock is fast approaching an alarm, and eternity rides hastily to meet it. *Warnings from Heaven* trumpets one resounding cry: be ready!

First Published in 1993. Routledge is an imprint of Taylor & Francis, an informa company.

#1 New York Times best-seller with more than 11 million copies sold and Amazon's #17 best-selling book of all time. *Heaven Is for Real* was the best-selling non-fiction book of 2011 as reported by Nielsen's Bookscan, and was developed as a major motion picture by Sony in 2014. "Do you remember the hospital, Colton?" Sonja said. "Yes, mommy, I remember," he said. "That's where the angels sang to me." When Colton Burpo made it through an emergency appendectomy, his family was overjoyed at his miraculous survival. What they weren't expecting, though, was the story that emerged in the months that followed—a story as beautiful as it was extraordinary, detailing their little boy's trip to heaven and back. Colton, not yet four years old, told his parents he left his body during the surgery—and authenticated that claim by describ-

ing exactly what his parents were doing in another part of the hospital while he was being operated on. He talked of visiting heaven and relayed stories told to him by people he met there whom he had never met in life, sharing events that happened even before he was born. He also astonished his parents with descriptions and obscure details about heaven that matched the Bible exactly, though he had not yet learned to read. With disarming innocence and the plainspoken boldness of a child, Colton tells of meeting long-departed family members. He describes Jesus, the angels, how “really, really big” God is, and how much God loves us. Re-

told by his father, but using Colton’s uniquely simple words, Heaven Is for Real offers a glimpse of the world that awaits us, where as Colton says, “Nobody is old and nobody wears glasses.” Heaven Is for Real will forever change the way you think of eternity, offering the chance to see, and believe, like a child. Continue the Burpos story in Heaven Changes Everything: The Rest of Our Story. Heaven Is for Real also is available in Spanish, El cielo es real.
