A book for teenage girls and young women educating them about love and relationships using the author's true stories of her past relationships and the knowledge she developed from them.

Rich's poignant portrait humanizes young black men and illustrates the complexity of a situation that defies easy answers and solutions.

Sometimes the craziest, funniest, wackiest ideas are simply the truest. "GO PURPLE!" advises Laurie Rosenwald in this original graphics-filled scrap-booky masterpiece of enjoyment aimed at teen girls who have grown way out of American girl, and may even feel cynical about Gossip Girl! "Of course you should keep recycling and wearing vegetarian sneakers and organic cotton underpants, drinking fair trade mochachinos, and using rhubarb/green tea conditioner . . . it's just that I'm tired of all this green

marketing!" She tells her own stories (Kicked Out of Yoga!) advises (Great comebacks to try!), interacts, makes mistakes, does a lot of art, and works with many a typeface in this one-of-a kind no-holds-barred take on modern life for today's young women.

In modern-day England, where witches live alongside humans, Nathan, son of a White witch and the most powerful Black witch, must escape captivity before his seventeenth birthday and receive the gifts that will determine his future.

\*This is a new adult romance not meant for those under 18. It contains sex, drugs, and under age drinking. The first time I ever saw Caden Harper I'm pretty sure I fell in love. All that golden hair and pale blue eyes. He was mysterious and covered in paint. I found it endearing and wanted nothing more than to find out all his secrets. I gave that man things I would never give anyone else. He blew it though. Which I shouldn't be surprised considering he is a

womanizer. So I moved on, well kind of. Jaden Harper wasn't what I expected. I found myself drawn to him almost as much as his brother. Maybe it's the fact they are twins or maybe it was the fact I wanted to live on the wrong side for once in my life. Now I've found myself dug deep in this game. There's no end in sight and I wonder when all the lies I have told will come back to haunt me. Neither man should know the things I've gone through. Neither should trust me. I'm not who I say I am. My past is full of things I won't ever share. But where will that lead me when Caden wants nothing more than to consume me? He won't wake up to see he has the wrong kind of love. My Name is Grace Breadfield and this is my story. \*While this title is a part of the Young Love series, it can be read as a standalone. There is a HEA and no cliffhanger.

"A glorious debut filled with characters grasping to find a place to belong in a world on the edge of change." —Carol Rifka Brunt, New York Times bestselling author of *Tell the Wolves I'm Home*  
 "McCraw Crow deftly navigates the campus and national politics of the '70s in a way that remains timely and pressing today. A powerful, thought-provoking debut." —Amy Meyerson, Nationally bestselling author of *The Bookshop of Yesterdays*  
 A powerful exploration of what a woman can be when what she should be is no longer an option  
 In late 1970, Oliver Desmarais drops dead in his front yard while hanging Christmas lights. In the year that follows, his widow, Virginia, struggles to find her place on the campus of the elite New Hampshire men's college where Oliver was a professor. While Virginia had always shared her husband's prejudices against the four outspoken, never-married women on the faculty—dubbed the Gang of Four by their male counterparts—she now finds herself depending on them, even joining their

work to bring the women's movement to Clarendon College. Soon, though, reports of violent protests across the country reach this sleepy New England town, stirring tensions between the fraternal establishment of Clarendon and those calling for change. As authorities attempt to tamp down "radical elements," Virginia must decide whether she's willing to put herself and her family at risk for a cause that had never felt like her own. Told through alternating perspectives, *The Wrong Kind of Woman* is an engrossing story about finding the strength to forge new paths, beautifully woven against the rapid changes of the early '70s.

mantha Young. When event planner Hallie Goodman receives party-inspiration material from the bride of her latest wedding project, the last thing she expects to find is a collection of digital videos from Darcy's ex-boyfriend. And it's not long until she starts sending e-mails and video diaries to his discontinued NASA address. Since they're bouncing back, there's no way anyone will ever be able to see them...right? Christopher Ortiz is readjusting to life on earth and being constantly in the shadow of his deceased older brother. When a friend from NASA's IT department forwards him the e-mails and video messages Hallie has sent, he can't help but notice how much her sense of humor and pink hair make his heart race. From the bestselling, Booker Prize-winning author of *The Sense of an Ending* comes "a brilliant, rueful look at love—what we do for it, how we experience it and what makes it die" (People). One summer in the sixties, in a staid suburb south of London, nineteen-year-old Paul comes home from university and is urged by his mother to join the tennis club. There he's partnered with Susan Macleod, a fine player who's forty-eight, confident, witty, and married, with two nearly adult daughters. She is a warm companion, her bond with Paul immediate. And soon, inevitably, they are lovers. Basking in the glow of one another, they set up house

together in London. Decades later, Paul looks back at how they fell in love and how—gradually, relentlessly—everything fell apart. As he turns over his only story in his mind, examining it from different vantage points, he finds himself confronted with the contradictions and slips of his own memory—and the ways in which our narratives and our lives shape one another. Poignant, vivid and profound, *The Only Story* is a searing novel of memory, devotion, and how first love fixes a life forever.

From the bestselling author of *I Wish You All the Best*, comes a new kind of love story, about the bad decisions we sometimes make... and the people who help get us back on the right path. Perfect for fans of *Red, White, and Royal Blue* by Casey McQuiston and *What If It's Us* by Adam Silvera and Becky Albertalli. Just days before spring break, Neil Kearney is set to fly across the country with his childhood friend (and current friend-with-benefits) Josh, to attend his brother's wedding—until Josh tells Neil that he's in love with him and Neil doesn't return the sentiment. With Josh still attending the wedding, Neil needs to find a new date to bring along. And, almost against his will, roommate Wyatt is drafted. At first, Wyatt (correctly) thinks Neil is acting like a jerk. But when they get to LA, Wyatt sees a little more of where it's coming from. Slowly, Neil and Wyatt begin to understand one another... and maybe, just maybe, fall in love for the first time.

In this book, you're going to read about a different kind of love story. It's a love story each and every one of us is currently playing a role in—whether we're aware of it or not. And truth be told, it's scary-critical that we stay tuned-in to this love story. Because outside of a growing relationship with your heavenly Father, no other love (or lack of love) has the potential to improve or im-

plode your life like the love that you have for you. For anyone who has ever struggled with their identity, Landra Young Hughes has a radically simple message: give up. Specifically, give up your need to be in control of how other people see you. Instead, let God's words—not yours and not others'—define you. Through her own deeply personal story of trying to control her circumstances and others' perceptions of her through an eating disorder, Landra points the way toward a life free from self-obsession and self-resentment. She shows you how to listen to God's voice, let go of the struggle for perfection, and live authentically from your deepest self.

A darkly comic and heartbreakingly honest YA novel about finding the courage to help a friend who can't stop hurting herself. Zoe and Hank (short for Hannah) have been inseparable since they met in elementary school. The leader of the pack, Zoe is effortlessly popular while Hank hides comfortably in her shadow. But when Zoe's parents unexpectedly divorce, Zoe's perfect facade starts cracking little by little. Sinking under the weight of her broken family, Zoe develops an eating disorder. Now she must rely on Hank for help. Hank struggles to help Zoe; after all, she is used to agreeing, not leading. How can she help her best friend get better before it's too late? Written partially in letters from Zoe and mostly in narrative from Hank's perspective, Abby Sher's *Miss You Love You Hate You Bye* is a poignant and eye-opening novel about friendship, mental health, and learning to put yourself first.

Recounts the events of a day when everything goes wrong for Alexander. Suggested level: junior, primary.

At the beginning of senior year, Ann was a smiling, straight-A student with friends and a future. Then she met a haunted young man named Connor. Only she can heal his emotional scars; only he could make her feel so loved—and needed. Just one mistake could trigger Connor's rage, a violent storm damaging everything—and everyone—in its path.

In this lyrical, exuberant tale, acclaimed Turkish author Elif Shafak, author of *The Island of Missing Trees* (a Reese's Book Club Pick), incarnates Rumi's timeless message of love. *The Forty Rules of Love* unfolds two tantalizing parallel narratives—one contemporary and the other set in the thirteenth century, when Rumi encountered his spiritual mentor, the whirling dervish known as Shams of Tabriz—that together explore the enduring power of Rumi's work. Ella Rubenstein is forty years old and unhappily married when she takes a job as a reader for a literary agent. Her first assignment is to read and report on *Sweet Blasphemy*, a novel written by a man named Aziz Zahara. Ella is mesmerized by his tale of Shams's search for Rumi and the dervish's role in transforming the successful but unhappy cleric into a committed mystic, passionate poet, and advocate of love. She is also taken with Shams's lessons, or rules, that offer insight into an ancient philosophy based on the unity of all people and religions, and the presence of love in each and every one of us. As she reads on, she realizes that Rumi's story mirrors her own and that Zahara—like Shams—has come to set her free.

What do you do when you've fallen for your best friend? Funny and romantic, this effervescent story about family, friendship, and finding yourself is perfect for fans of Sarah Dessen and Jenny Han. Seventeen-year-old Abby Turner's summer isn't going the

way she'd planned. She has a not-so-secret but definitely unrequited crush on her best friend, Cooper. She hasn't been able to manage her mother's growing issues with anxiety. And now she's been rejected from an art show because her work "has no heart." So when she gets another opportunity to show her paintings, Abby isn't going to take any chances. Which is where the list comes in. Abby gives herself one month to do ten things, ranging from face a fear (#3) to learn a stranger's story (#5) to fall in love (#8). She knows that if she can complete the list, she'll become the kind of artist she's always dreamed of being. But as the deadline approaches, Abby realizes that getting through the list isn't as straightforward as it seems . . . and that maybe—just maybe—she can't change her art if she isn't first willing to change herself.

A funny, transporting, surprising, and poignant novel that was one of the highest-selling debuts of recent years in Korea, *Love in the Big City* tells the story of a young gay man searching for happiness in the lonely city of Seoul. *Love in the Big City* is the English-language debut of Sang Young Park, one of Korea's most exciting young writers. A runaway bestseller, the novel hit the top five lists of all the major bookstores, went into twenty-six printings, and was praised for its unique literary voice and perspective. It is now poised to capture a worldwide readership. Young is a cynical yet fun-loving Korean student who pinballs from home to class to the beds of recent Tinder matches. He and Jaehee, his female best friend and roommate, frequent nearby bars where they push away their anxieties about their love lives, families, and money with rounds of soju and ice-cold Marlboro Reds that

they keep in their freezer. Yet over time, even Jaehee leaves Young to settle down, leaving him alone to care for his ailing mother and to find companionship in his relationships with a series of men, including one whose handsomeness is matched by his coldness, and another who might end up being the great love of his life. A New York Times bestseller and enduring classic, *All About Love* is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. *All About Love* reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in *All About Love*. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness—not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The *Utne Reader* declared bell hooks one of the "100 Visionaries Who Can Change Your Life." *All About Love* is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

This book clarifies gender issues and ends all doubt as to what God had in mind when He made you as He did. For individual or group study for young people and adults, *From Venus to Mars and Back* explores thought-provoking concepts and insights about gender and sexual identity. Its truths urge you into contemplation about who you are and why you are. Paul, in his letter to the Ephesians, refers to human sexuality as a great mystery. This book helps you to consider that mystery. It explores God's intentions for masculinity and femininity on a level that includes and transcends the material and physical universe. It reveals emotional and spiritual issues that mere rationalism cannot begin to address such as: What do the words masculinity and femininity mean emotionally and spiritually? What was God thinking about when He created sexuality? What does being created as man or woman tell us about who we are? What does our being created male and female as expressions of the very image of God tell us about God and who He is? What does our sexuality symbolize? This is a book about God and His redemptive ways of restoring His image in His fallen and bent children.

Set in 1954, Towles uses the story of two brothers to show that our personal journeys are never as linear or predictable as we might hope." —Bill Gates "A real joyride . . . elegantly constructed and compulsively readable." —NPR The bestselling author of *A Gentleman in Moscow* and *Rules of Civility* and master of absorbing, sophisticated fiction returns with a stylish and propulsive novel set in 1950s America In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is to pick up his eight-year-old brother, Billy, and head to California where they can start their lives anew. But when the warden drives away, Emmett discovers

that two friends from the work farm have hidden themselves in the trunk of the warden's car. Together, they have hatched an altogether different plan for Emmett's future, one that will take them all on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes. "Once again, I was wowed by Towles's writing—especially because *The Lincoln Highway* is so different from *A Gentleman in Moscow* in terms of setting, plot, and themes. Towles is not a one-trick pony. Like all the best storytellers, he has range. He takes inspiration from famous hero's journeys, including *The Iliad*, *The Odyssey*, *Hamlet*, *Huckleberry Finn*, and *Of Mice and Men*. He seems to be saying that our personal journeys are never as linear or predictable as an interstate highway. But, he suggests, when something (or someone) tries to steer us off course, it is possible to take the wheel." - Bill Gates

From the New York Times bestselling author of *The Love Hypothesis* comes a new STEM-inist rom-com in which a scientist is forced to work on a project with her nemesis—with explosive results. Like an avenging, purple-haired Jedi bringing balance to the mansplained universe, Bee Königswasser lives by a simple code: What would Marie Curie do? If NASA offered her the lead on a neuro-engineering project—a literal dream come true after years scraping by on the crumbs of academia—Marie would accept without hesitation. Duh. But the mother of modern physics never had to co-lead with Levi Ward. Sure, Levi is attractive in a tall, dark, and piercing-eyes kind of way. And sure, he caught her in his powerfully corded arms like a romance novel hero when she accidentally damseled in distress on her first day in the lab. Now, her equipment is missing, the staff is ignoring her, and Bee finds her floundering career in somewhat of a pickle. Perhaps it's her occipital cortex playing tricks on her, but Bee could swear she can see Levi softening into an ally, backing her plays, seconding her ideas...devouring her with those eyes. And the possibilities have all her neurons firing. But when it comes time to actually make a move and put her heart on the line, there's only one question that matters: What will Bee Königswasser do?
