Gain a strong foundation in financial accounting that prepares you for future study and success in today's business world with Warren/Jonick/Schneider's leading FINANCIAL ACCOUNTING, 16E. This edition connects financial accounting concepts to the "bigger picture" as chapter-opening schemas clearly demonstrate how each chapter's content fits within the overall framework of the book. The digital CengageNOWv2's Journal Entry Tool reinforces this approach by automatically illustrating the impact of transactions on the accounting equation. This book's hallmark presentation of the accounting cycle provides an unmatched foundation for later chapters and even upcoming coursework and your career. The authors have carefully streamlined content and improved learning features throughout this edition and CengageNOWv2's digital resources to ensure you have the understanding of today's financial accounting and specific tools to succeed.

Give your students a solid foundation in core accounting concepts while helping learners develop a true appreciation for why accounting is important to business and a prosperous society. Warren/Reeve/Duchac's FINANCIAL AND MANAGERIAL ACCOUNTING, 14E clearly demonstrates how accounting is much more than simply data and black and white rules. Instead, students see how accounting provides key information used to make critical business decisions. A new chapter schema provides context for how each chapter's content fits into the big picture. The book focuses on why accounting is important and consistently reinforces connections to the big picture by connecting journal entries to the accounting equation. Fresh organization progresses from the simplest to the more complex topics with reorganized and fully integrated coverage of the new Revenue Recognition standard, reorganized coverage of adjustments, and reorganized managerial accounting chapters. Duchac, Reeve, Warren provides an effective new approach to help accounting majors and business students learn and understand financial accounting. The text introduces an integrated financial statements framework that clearly illustrates the inter-relationships between the cash flow

statement, income statement and the balance sheet. This integrated framework focuses on providing students with a sound understanding of how the financial statements work together to provide a picture of a company's financial performance, while at the same time teaching students the impact of transactions on the financial statements. This methodology offers a blend of concepts and procedures, which helps students get to the "ah-ha" moment in accounting education sooner by focusing on how the financial statements come together BEFORE introducing debits and credits.

This book covers extensively the syllabus of Accounting and Financial Management prescribed for the BCA and MCA courses. The book is divided into 2 sections, viz (a) accounting, and (b) financial management. In all there are 25 chapters covered in this book. The book deals with the theoretical aspects to acquaint the readers about the basic knowledge of the accounting principles involved in the preparation of various types of accounts. This is supported by many problems drawn from the question papers of various universities and professional institutes. Likewise, the subject of Principal Management is also dealt with. At the end of each chapter theoretical questions and practical problems with answers are given to enable students to test their understanding ability.
