Weak states, strong societies : power and authority in the ...

An odd duality, or even contradiction, has marked the social science literature. One portrait gleaned from scholarly works has set politics – especially the state – at center stage, kneading society into new forms and shapes, adapting it to the exigencies created by industrialization or other stimuli. This is the image of the strong state.

STRONG STATES, WEAK STATES: POWER AND ACCOMMODATION ...

Strong societies can be either highly centralised (in state power) or fragmented (across several social organisations). Such conditions can enfeeble the state. Where societies have been web-like and where social control has been fragmented among numerous organisations, states have faced formidable barriers in seeing their policies through.
