Kids Learn Web Design | STEM Oriented Ages 12-16

Web design is a great way to introduce coding to kids! But you need a web design course that is designed for kids: It has to

be fun! It has to be broken down into small chunks. Teacher/parents need support so that they can guide kids as they learn. StudioWeb has been designed (in 2011) by a highly experience teacher and web designer

CoffeeCup now also offers an upgrade called Responsive Site Design 2 that supports Responsive Web Design. This version can be added to a bundle with the full version of the editor. One important thing to note: Many sites list this editor as a free WYSIWYG (what you see is what you get) editor, but when I tested it, it required the purchase of CoffeeCup Visual Editor to get WYSIWYG support.
