[Welfare state - Simple English Wikipedia, the free ...](#)

A welfare state is defined by the Encyclopædia Britannica as: " [A] concept of government in which the state plays a key role in the protection and promotion of the economic and social well-being of its citizens.

Welfare economics is a branch of economics that uses microeconomic techniques to evaluate well-being (welfare) at the aggregate (economy-wide) level.. Attempting to apply the principles of welfare economics gives rise to the field of public economics, the study of how government might intervene to improve social welfare. Welfare eco-

nomics also provides the theoretical foundations for particular ...
