2nd Grade Math Workbook Addition and Subtraction for kids ages 6-8 helps to start learning multi-digit addition and subtraction and to improve kids' math scores. Each page is filled with hands-on activities and exercises covering equation building, number sense understanding, multi-digit addition and subtraction with friendly easy-to-follow explanations throughout.

We believe kids get better at math with practice, resulting in confidence and positive attitude towards math that is required to excel in school. This workbook is intended for 2nd graders, where students have already mastered single digit addition and subtraction. This workbook provides kids with additional math practice that complements and supplements what is taught at school. The focus is on key foundational mathematics basics: addition, subtraction, and introduction to multiplication, division, geometry, and fractions. Note: Many schools do not start multiplication or division until 3rd grade, but we are covering these concepts here since it does take time and practice to get comfortable with multiplication and division.

We believe kids get better at math with practice, resulting in confidence and positive attitude towards math that is required to excel in school. This workbook provides kids with additional math practice that reinforces and complements what is taught at school. There are no pictures or word problems, and focus on mastery of basic addition and subtraction. This workbook combines traditional addition and subtraction math problems, with number bond problems. Many elementary schools teach math using Number Bonds, and we want kids to have practice on both traditional math questions and number bonds to build fluency and speed in basic arithmetic.

This workbook contains double digit addition and subtraction worksheets for grades 2-3. 60 math worksheets with 1800 problems (answers available in the end of each part) .(large print) Part\_1: 2 digit addition (10 worksheets) (300 problems). Part\_2: 3 digit addition (10 worksheets) (300 problems). Part\_3: 4 digit addition (10 worksheets) (300 problems). Part\_4: 2 digit subtraction (10 worksheets) (300 problems). Part\_5: 3 digit subtraction (10 worksheets) (300 problems). Part\_6: 4 digit subtraction (10 worksheets) (300 problems).
