For courses in Writing. Grounded in current theory and research, yet practical and teachable. Revel(TM) The Allyn & Bacon Guide to Writing takes a distinctive pedagogical approach that integrates composition research with rhetorical theory and insights from writing across the curriculum. It treats writing and reading both as rhetorical acts and as processes of problem posing, inquiry, critical thinking, analysis, and argument. Its aim is to evoke the kind of deep learning that allows students to transfer compositional and rhetorical skills across disciplines and professional fields. Teachers and students value its clear and coherent explanations, engaging classroom activities, and flexible sequence of aims-based writing assignments that help writers produce effective, ideal essays in academic and civic genres. Numerous examples of student and professional writing accompany this thorough guide to the concepts and skills needed for writing, researching, and editing in college and beyond. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience--for less than the cost of a traditional textbook. Responding to the "increasing mobility of texts," MLA now encourages writers to focus on the process of crafting the citation, beginning with the same questions for any source. These changes, then, align with current best practices in the teaching of writing which privilege inquiry and critical thinking over rote recall and rule-following.

For courses in Argument and Research. Argument through problem solving Revel TM Writing Arguments: A Rhetoric with Readings has sustained its reputation as a leader in argumentation through

10 editions, and that's no coincidence. Authors Ramage, Bean, and Johnson present argument as a process of inquiry and a means of persuasion -- not as a pro/con debate with winners and losers. This, in turn, promotes the essential critical-thinking skills needed for writing effective arguments. In the 11th Edition, you'll continue to find all the signature strengths -- major assignment chapters that focus on one or two stases; discussion prompts and end-of-chapter writing assignments that reinforce concepts; comprehensive coverage of research and documentation; and a logical, yet flexible, approach. But now, you'll also find a book that promises to increase understanding of the value of argument and help negotiate the rhetorical divisiveness in today's world. The market leader in argumentative rhetorics, Writing Arguments has proven highly successful in teaching students to read arguments critically and to produce effective arguments of their own. With its student-friendly tone, clear explanations, high-interest readings and examples, and well-sequenced critical thinking and writing assignments, Writing Arguments offers a time-tested approach to argument that is interesting and accessible to students and eminently teachable for instructors. Throughout the book, the authors approach argument rhetorically by emphasizing audience and context at every stage in the construction of an argument. Writing Arguments moves students beyond a simplistic debate model of argument to a view of argument as inquiry and consensus-building as well as persuasion, in which the writer negotiates with others in search of the best solutions to problems.
