### BKEK4Q - BRADSHAW HICKS

Written on the body is a secret code only visible in certain lights: the accumulation of a lifetime gather there. In places the palimpsest is so heavily worked that the letters feel like braille. I like to keep my body rolled away from prying eyes, never unfold too much, tell the whole story. I didn't know that Louise would have reading hands.

Written on The Body is a tender dissection of erotic love. The prose is like a poem, lush with wit and imagery, but behind the luxuriant relish of the words, there is a scalpel-sharp cut of emotions. Love and longing are the wounds through which Winterson's imagery flows.
