Yaesu FT-450 and TS-450D Recommended Interconnection Diagram

I have owned the Yaesu FT-450 now more than once. For all the features that you get for the cost, it's a ton of radio. I have owned the Icom Pro II, Yaesu FT-950, Kenwood TS 570s, Kenwood TS-590s and many others and still love the FT-450's feature set. It's easy to get into the menu and do any adjusting that you need to do.

* Yaesu sells these items separately so that FT 450 and FT 450AT Owners can equip their radios with these desirable features. The parts can be purchased from Authorized Yaesu Dealers or direct from the Yaesu Parts Department in Cypress, CA. Click on "Files" tab at the top of this web page for Instructions for making these modifications.

Welcome to Yaesu.com

I would like to add a 100W HF transceiver to my base station (I just got my extra license). I currently use a FT-817ND which I really like so I am looking at the FT-450 and FT-450D. I would like to buy a used rig if I can find one. I can figure out the spec differences between the 450 and the 450D. What I can't seem to learn is whether Yaesu is still supporting the 450 with firmware updates ...
